## First Sidney V.L.A. Lots To Be Sold Before Month End To New Hall To Start In July

—Chatterton Is Optimistic

First residential building lots in the new Veterans' Land Act block on the western edge of the village of Sidney will be sold to veterans before the end of this month, G. L. Chatterton, Vancouver Island V.L.A. supervisor, told The Review in Sidney on Friday.

Mr. Chatterton congratulated the village on the confidence shown in the little municipality by the federal government. "It is a precedent, I am sure, for the V.L.A. to establish a large subdivision in such a small municipality," he declared. "Those making the decision were certainly convinced that this community has a bright future."

### OPTIMISTIC

The V.L.A. executive reported that a great interest is being shown

in the subdivision by veterans because it will have all services, including water, sewer and hard-surfaced streets. He is confident that the properties will be sold to veterans rapidly and that houses will rise with equal speed.

The property contains a total of 46 lots, of which 18 are two-acre ones. The two-acre lots will be sold for about \$1,200 each. Six of them lie along Beacon Ave. The entire property will be serviced with water and fire hydrants will be installed.

The two-acre lots are for the regular small holding provision of V.L.A. These require cash payments of \$1,300, permitting loans of \$8,100, with payments of \$28 per month.

The 24 small lots with sewer, roadways, water and all services, will average \$450 apiece. Lots on this new road will pay only \$37.50 water connection fee. In this plan, the applicant puts up \$800 cash and may secure a loan of \$8,000. Repayment is made at \$50 per month.

Prospective applicants may secure information from the V.L.A. office, Belmont Building, Victoria.

—Plans Ready

Construction of a community hall for Sidney and North Saanich will commence immediately after Sidney Day, July 1. Building committee of Sancha announced on Monday evening that plans are all prepared and that the sod-turning ceremony on Sunday evening, June 30, will mark the commencement of the major construction project.

Plans prepared by Victoria architects, Birley and Simpson provide for an estimate of \$34,500 on a retail basis. This will be materially reduced by the provision of volunteer labor. A further reduction in the figure is anticipated as a result of the offer of a number of local firms to provide materials at cost.

Sancha is seeking volunteer labor for the major part of the project and all residents of the area are invited to communicate with the organization to make offers of assistance.

## New Hospital Rising

Good progress is being made in construction of the new Lady Minto Gulf Islands Hospital at Ganges. The photograph, reproduced above through the courtesy of photographic branch of the provincial department of recreation and conservation, shows how the big job is advancing. Contractor is Weismiller Construction Ltd., of Victoria.

## War Injury Costs Sidney Man's Life in Northern B.C.

A war injury cost him his life when a well-known Sidney man was thrown into the swift current of Bear River in northern B.C. on Thursday afternoon. Duncan Maccefford Anderson, 33, son of Mr. and Mrs. J. C. Anderson, was lost after his canoe overturned and an old injury to his arm restricted his swimming ability. The two men with him in the canoe made the banks of the river safely, but "Mac" Anderson was not seen again.

Born in Kelowna, Mr. Anderson spent his early days in Sidney and was educated at Shawnigan Lake school. He went straight from school into the R.C.A.F. and served overseas as a rear-gunner. He was extensively injured in a crash and was invalided back home, to spend a long period in hospital.

When he returned to civilian life he had lost partial use of his arm. For a time he worked in Sidney and in 1951 he opened a fishing and hunting lodge at Babine Lake, in the woods he loved. His venture was so successful that he went to Bear Lake last year to open a new lodge. He was operating the two at the time of his death.

Last year Mrs. Anderson and their three children returned to Sidney to enable the children to attend school.

Reports of the accident indicate that Mac Anderson was acting as

D. M. ANDERSON

guide to two visiting fishermen, when the outboard motor cut out. By the time the party could gain control of the canoe they were in the rapids. The small boat overturned and threw them into the river.

J. C. Anderson, father of the victim, observed the incident and immediately organized a search party, calling for help from the Indians in the vicinity. The two survivors were found and the boat recovered, but there was no sign of the victim. His death was attributed to his inability to survive the current with his stiff arm.

Mac Anderson is survived by his wife, Elizabeth, and three children in Sidney; his parents, a brother and two sisters.

### Request Denied

Sidney P.T.A. has been refused the use of school buses for the transportation of students to swimming classes in Victoria during July.

On Monday evening school trustees of Saanich School District refused the use of the bus

## New Interim Grant To Bring Back Lady Rose

—\$7,500 To End Of October

Provincial government has come to the rescue of the Gulf Islands' mainland connection with the provision of a \$7,000 grant to the Lady Rose. The increased grant will be made for the period to the end of October.

Despite the increase of the grant, which has been at the rate of \$500 per month from February 1 to May 31, O. H. New, managing director of Coast Ferries Ltd., has told The Review that the amount will not be sufficient to pay the vessel's way and it has been found necessary to make an upward revision of rates. The alterations are described as a variable increase, which indicates that the rise will not necessarily be consistent over the various stages of the vessel's operation.

The objective is to hold the service until a new vessel is ready, said Mr. New.

When estimates were sought earlier a figure of \$2,250,000 was established. Since that time federal requirements have been revised and it is anticipated that current regulations would require a greater expenditure.

No contract has been let for the construction of a suitable ferry boat. There would be a delay of about four months after any such contract was awarded, said Mr.

New, while the construction took effect.

Lady Rose was taken off the run several weeks ago when four members of the Seafarers' International Union went on strike. Mr. New has been conferring with officials of the union this week.

## Use of Old School Is Approved

Use of the old Brentwood school by Brentwood Activity House for the next 12 months was approved by trustees of Saanich School District on Monday evening when a delegation attended upon the board and asked permission to install toilet facilities and to repair the roof at no cost to the board.

Mrs. P. Benn and Mrs. J. Smechurst reported that the old school was used by the Brentwood Kindergarten and Cubs, Brownies, Scouts and Guides. The work would be done out of funds raised by the community, they explained. Sanitary provision would be installed by Don McMuldroch, largely at his own expense, they stated.

Some discussion of the possible use of the school again in the future ensued and the board warned the two ladies that a sharp rise in school population in the future might necessitate its re-adoption for school purposes. They guaranteed the use of the property by the group for one year.

### Creek Tiled

Tiling of Wray Creek at Prospect Lake was approved by trustees of Saanich School District on Monday evening at a cost of \$2,300.

The work will be carried out when approval of the project has been obtained from Saanich municipality.

### SETTLED HERE IN 1902

## Pioneer Couple Mark 65 Years of Married Life

Mr. and Mrs. John S. Rogers, pioneer residents of Salt Spring Island were at home to friends and relatives on June 14 at their residence in Royal Oak, Victoria, when they celebrated their 65th wedding anniversary.

Mr. and Mrs. Rogers were married 65 years ago in Kingston, Ont., by Rev. J. Kines, on June 14, 1892. After spending a few years in Ontario and Syracuse, New York, Mr. and Mrs. Rogers journeyed west and in 1898 settled in Victoria.

Four years later, in 1902, they moved to Salt Spring Island, where they pre-empted 800 acres of land in the Cranberry Marsh area, which they homesteaded. They industriously cleared the land and made a very productive farm out of what had been virgin forest, and became highly respected citizens. They specialized in sheep, dairying, and small fruits, and here they raised a family of three sons and three daughters.

### VISIT TO BRITAIN

Mr. Rogers enjoyed a visit to his native England a few years ago, and Mrs. Rogers, then near the 80-year mark, carried on the farm, looking after stock and chores, and managing quite cheerfully. In May of last year, Mr. and Mrs. Rogers moved to Victoria because of ill health, but were fairly well for their special day.

Mr. and Mrs. Rogers have four

children still living, Mrs. H. Cooley, Victoria; Mrs. H. Bowers, Victoria; Stanley Rogers, Salt Spring, and Archie Rogers, New Westminster. There are 11 grandchildren and seven great-grandchildren.

A telegram was received from the Queen, on their 60th anniversary, and again upon this, their 65th; also congratulatory telegrams from Prime Minister Louis St. Laurent, Premier W. A. C. Bennett and Lieut.-Governor Frank Ross. From Salt Spring good wishes were sent by Miles Acheson, and a beautiful large bouquet of flowers from the Mounts, Caldwelles and Mr. McAfee. Many cards and gifts were also received.

### VISITORS

Friday afternoon and evening (Continued on Page Four)

## FIRST RACE OF ITS TYPE

Billed as the first T.T. race to be staged in North Saanich, the Victoria Motorcycle Club is planning a full-scale race meeting in company with the Sidney Day celebrations at Sandown Park on Dominion Day, July 1.

It will follow the motorcycle stunt riding also presented by the Victoria Club.

Use of Sandown Park will also permit of the Victoria Sports Car Club symphonia and an entirely new program by the popular Colwood Trail Riders.

### THREE CAUGHT

Three juveniles have been apprehended by Sidney detachment, R.C.M.P., following the breaking and entering of St. Andrew's Anglican church in Sidney two weeks ago.

### WEATHER DATA

SAANICHTON  
The following is the meteorological record for week ending June 16, furnished by Dominion Experimental Station:

Maximum tem. (June 10)	60.0
Minimum tem. (June 15)	47.5
Minimum on the grass	40.0
Sunshine (hours)	22.0
Precipitation (inches)	0.00
1957 precipitation (inches)	14.22

SIDNEY  
Supplied by the Meteorological Division, Department of Transport, for the week ending June 16:  
Maximum tem. (June 11) 73.2  
Minimum tem. (June 16) 47.5  
Mean temperature 56.7  
Precipitation (inches) 0.70  
1957 precipitation (inches) 15.38

## Survey For Ferry Slip At Pender

Action on a ferry slip for Pender Island was realized last week when J. U. Copeman department of highways engineer and H. K. Gann inspector of ferries accompanied by Gavin Mouat president of the Gulf Islands Ferry Company of Ganges made a survey of the island.

Port Washington was selected as the best location for the proposed slip which will be built to the side of the present government wharf. Negotiations with the federal government in connection with the matter are expected to be terminated satisfactorily in the near future.

The party spent a pleasant day on the island and after lunch at the coffee shop drove down to the bridge. Mr. Copeman had been officially concerned with the building of the bridge but had not seen it since its completion. While on South Pender he renewed friendship with Herbert Spalding with whom he had attended school in Victoria as a youth.

## NEW PLANT STARTS ON HIGHWAY

A promising manufacturing business, Seven Seas Marina, is now starting production in its new home on the Patricia Bay Highway on top of the Keating Hill. Proprietor is R. Gaines, who has owned the property and the adjoining service station and tea room for some time.

Mr. Gaines has just completed the erection of a commodious \$20,000 concrete brick plant to accommodate his new industry. Total investment in the plant and equipment is in the vicinity of \$30,000. The Marina will manufacture plastic boats of various sizes and will serve as agents for various marine hardware and paint suppliers.

Associated with Mr. Gaines is his son, John. Also connected with the firm is dye-maker B. Hambleton, who is British-trained.

Seven Seas Marina promises to be a substantial consumer of raw materials in the district. It is the firm's intention to produce quality boats at moderate costs, aiming to bring the public to the market.

## SEEKS TOKEN OF APPRECIATION

Token of recognition for teachers was suggested on Monday evening by Trustee R. C. Derrinberg when he addressed Saanich School District trustees.

"It is unfortunate," said Mr. Derrinberg, "that we cannot give teachers some recognition of their service when they leave the district. We are losing some very good teachers, without any mark of their superiority."

No provision exists, Mr. Derrinberg was told, for such a token gesture.

## On Again, Off Again, Sidney Office Kicked Out Again

School administration office for Saanich School District took another step backwards on Monday evening when trustees of the district approved a motion presented by Trustee R. C. Derrinberg, of Saanichton, that the original resolution calling for its location in the Sidney area be rescinded.

The chairman, J. D. Helps, was at the same time requested to ap-

point a committee to investigate a suitable site elsewhere.

The trustees decided several years ago that the present accommodation on Third St., Sidney, was inadequate. After prolonged discussion it was decided to act on the recommendation of the Capital Region Planning Board and place the new office in Sidney. The decision was rescinded on Monday.

New position of the board is that no location has been chosen and trustees favor its location in their own section of the school district. Recently recommended location was Mount Newton.

Trustees Derrinberg and F. P. Jeune moved the rescinding resolution, which was supported by Mrs. H. J. MacDonald, A. H. Rowbottom and Chairman J. D. Helps cast dissenting votes, while Reginald Simkinson and G. F. Gilbert were absent.

## New Policy Projected For Schools

New policy may be established in Saanich School District to facilitate the administration work of the principals. On Monday evening trustees heard a report from a number of teachers that stenographic assistance would be more welcome than academic assistance.

In the past a relieving teacher has been employed to take over classes from principals in order that they might carry out the administrative work accompanying their duties. The new rule may see the principals taking their own classes while office workers attend to their straight paper work.

## Two-Way Decision

Two requests were made to Saanich School District on Monday evening for special consideration of schools of which students might be directed.

A letter was received from the parents of a student at Royal Oak asking that he might be transferred to Mount Newton.

It was explained that the student had attended the former school because his older brothers were there and no facilities existed at that time for senior high school at Mount Newton. The family had grown up and all but one have graduated. Permission was given for the move, as the student lives in the near vicinity of the school.

Second request came from Sister M. Noel, of the Sacred Heart convent, principal of the Consolidated Indian school at West Saanich. Sister Noel asked the board to permit the attendance of a pupil at her school at Mount Newton high school, although he resides on McFarlane Road. His residence would direct him to North Saanich high school.

Her request was refused and the student must attend North Saanich.

### Play Commended

North Saanich high school was commended by school trustees on Monday evening.

On the recommendation of Trustee R. C. Derrinberg the school and students will be commended on the excellence of the performance of Medea in the auditorium recently.

"It was quite a famous play," commented Mr. Derrinberg.

### CONDITIONS HAZARDOUS

## Trustee Is Fearful For Safety of School Pupils

Conditions at Beaver Lake school are extremely hazardous and may imperil the lives of students attending the school, trustees of Saanich School District were informed on Monday evening.

Expressing alarm at the possible position in which the board might find itself in the event of a fatal accident, Trustee F. P. Jeune asked that work on the grounds be implemented at once.

Chairman J. D. Helps pointed out that Mr. Jeune was a member of the maintenance committee responsible for the work and that it could proceed at the committee's discretion.

"If there were a fatal accident or an accident of any kind it would place the board in the position of having to do something about it," said Mr. Jeune. "If the board would be able to find the money, cannot that money be found now?"

He had been informed, said the trustee, that requests had been made repeatedly to have something done. The school P.T.A. is prepared to donate the necessary labor, he added.

"If I had a child attending that school, I would be very concerned," he concluded.

The board cannot have been present many times, countered R. C. Derrinberg, the school was only opened last December. Equipment cannot go in during the winter when it is all mud and no work can be carried out until the summer holidays, because of the dust of summer noted Mr. Derrinberg. He de-

### LAPIDARY CLUB TO BE FORMED

Lapidary club is being formed in Sidney. On Thursday, June 20, at the home over the Post Office of A. Horton, a meeting will be held for all interested.

Residents of the area interested in collecting, cutting and polishing rocks and minerals are invited to attend.

## Three 4-H Champions

Three champions from the recent lower Island 4-H Club meet at Saanichton are depicted above. They are, from top to bottom: Clare Taylor, of Saanichton; Dick Aylard, of Deep Cove, and Joe Taylor, of Saanichton. Further story is on Page five.—Photo by Newman, Saanichton.

# SIDNEY COMMISSION COMMENTS

(BY COMMISSIONER MRS. V. COWAN)  
Did you see the giraffe in Sidney last week? No, it wasn't in the same class with pink elephants, nor was it an escapee from a circus, but a most amazing machine. Up to a height of 50 feet goes a little platform, to be moved back and forward, in a circle, or up and down with a foot control, leaving the man on the platform with his hands free to do whatever work he is engaged in—in this case, changing street lights. This most unusual machine and its operator may shortly be under a most reasonable contract to the village to change burnt-out street lights twice a month.

## TOP SOIL FOR SALE

Not only for the advertising department, this column just brings to your attention the fact that the top soil is being removed from the bed of the new road (as yet unnamed) in the V.L.A. subdivision. By removing the top soil, a better road bed is formed and this valuable earth is to be sold with a percentage coming into village coffers.

## GARBAGE COLLECTION DISTRICT

Plans are being made for the formation of a garbage collection district for Sidney village and surrounding area. It will be financed through taxes and will, we hope, prove satisfactory to all concerned. With the formation of a five district to encompass the whole area, it was thought there was no reason why a similar set-up couldn't be arranged for garbage collection. The plan has received the approval

## FORMER SIDNEY GIRL CALLED AT CHILLIWACK

Native of Victoria and former resident of Sidney, Mrs. Sylvia Victoria Wientjes succumbed to a long illness on Monday evening, June 17. Mrs. Wientjes was a resident of Chilliwack during recent years. Youngest daughter of Mr. and Mrs. N. Gorton, McTavish Road, she received her education in North Saanich.

She leaves her husband, Michael and two small children, Nancy and Thomas, at home; her parents in Sidney and two sisters, Miss Alma Gorton, Vancouver, and Mrs. W. Todd, Patricia Bay; two brothers, John S., of Sidney and Thomas J., of Quesnel, and nephews and nieces. Last rites will be observed in Chilliwack, followed by cremation. The ashes will be brought back to Sidney for burial.

Alexander Falls on Hay River, near Great Slave Lake provides a scenic thrill for motorists on the Mackenzie Highway north of the Peace River.

## DELEGATES ARE NAMED

The fourth annual provincial recreation leadership school was the chief topic of discussion at the regular meeting of the Deep Cove Recreation Commission, at St. John's hall, Deep Cove. This is to be held in Victoria from July 15 to 26.

Mrs. Wm. Kynaston agreed to be the official representative of the commission, with Mrs. Lannon as an additional delegate.

The courses comprise all phases of community work, handicrafts, sports, drama and leadership. A grant was made to help cover expenses of the delegates.

Purchase of a duplicator for use in the district was discussed. A final decision on this matter will be made in September.

## Charm And Farce At Gem Theatre

"Come Next Spring" will be presented on Thursday, Friday and Saturday at the Gem Theatre in Sidney.

This romantic film is the logical successor to "The Quiet Man".

A heart warming story told with humor and charm, the production holds also some moments of intense and gripping drama. The Trucolor film concerns the regeneration of a man, and his influence on his family, when he returns home after eight years of wandering.

The stars are Ann Sheridan and Steve Cochran, with co-starring honors going to Walter Brennan, Sonny Tufts, and two intriguing children, Sherry Jackson and Richard Eyer.

The all-out farce comedy in cinemascope and de luxe color which starts at the Gem Theatre on Monday, "How To Be Very, Very Popular", is a merry romp which burlesques everything from gangland to college. The stars are Betty Grable and Sheree North. The co-stars are Bob Cummings, Charles Coburn and Tommy Noonan.

Mrs. Johnson was the winner of 10 last Thursday.

## MILK AND LIFE

According to "Time Magazine", life expectancy is greatest in those countries where milk and dairy foods consumption is highest. While the United States is first in the extent to which its population dies from heart disease, it is the 13th in per capita consumption of milk and milk products. Canada ranks sixth in dairy food per capita consumption.

# TO CELEBRATE ANNIVERSARY

Mr. and Mrs. J. W. Sims, Front St., Sidney, will celebrate their 50th wedding anniversary on Monday, June 24.

Mr. and Mrs. Sims were married in North Battleford, Sask., on June 24, 1907, by Rev. Anderson. Mrs. Sims was the former Miss Maude Cook and was born in Damaskus, Ont., in 1879. Mr. Sims was born in Crediton, Ont., in 1883, both coming to Manitoba at an early age.

Following their marriage they settled on a homestead near Wilkie, Sask. In 1911 they moved to Scot. In 1913 to McBride, B.C. In 1928 they settled in Jasper, Alta., and came to Sidney in 1944 to live a retired life, but Mr. Sims, being a mason by trade, has been kept busy.

Two sons were born to Mr. and Mrs. Sims, J. J. Sims, of Deep Cove, and R. D. Sims, of Quebec. They have six grandchildren. Mr. and Mrs. Sims will hold open house to all relatives and friends in the K. of P. Hall, Fourth St., on Monday, June 24, from 3 to 5 p.m. and from 8 p.m. until midnight.

# AWARDS MADE TO STUDENTS AT HIGH SCHOOL CEREMONY

Friday afternoon was awards day at North Saanich high school when the president of the P.T.A., D. G. Huntley, presented approximately \$100 in annual awards for excellence, diligence, and perseverance in subjects in the practical arts field.

Recipients were: home economics, Dorothy Nunn, Cathy Rivers, Lorna Boshier; art, Maureen Sealey, Michael Morris, Grant Hughes and Judy Kirk; industrial arts, Dick Aylard, Lohar Koppe, Jonathan Slater; commercial, Deanna Walker.

Robert Hemmings, as the valedictorian for 1957, was awarded two magazine subscriptions, one, the annual Reader's Digest award and the other to MacLean's Magazine.

Honor student, Sylvia Steel, was also a recipient of a MacLean's subscription award. Staff members Mrs. Irene Lee and D. W. Cobbett made the presentations on behalf of the publishing companies.

## TROPHIES

Track and field trophies were presented to the 1957 champions.

A. W. Murphy presented the senior girls' trophy to Carol Darkes, while Mrs. Lee made the presentation to the boys' champion, Colin Ross.

Donald McKay, junior champion, and John Ashby, intermediate winner, received their trophies from Mrs. McAllister, while T. G. Bunch presented Barbara North and Barbara Erickson with the intermediate and Junior girls' trophies respectively.

# IN AND Around Town

MRS. W. J. WAKEFIELD, PHONE 320X

Miss Mary Enos, of the Sidney staff of the B.C. Telephone Co., is on vacation.

Mr. and Mrs. Wm. Fleming, of Vancouver, are the proud parents of a son, Arnold Everett Gay, born early this month. Bill Fleming is the son of the former pastor at St. Paul's United church and is known to many in the district.

The "Bridge Eight" Club Friday was held at Echo Inn on Friday evening, June 14. Club members, husbands and friends were in attendance to enjoy dancing and refreshments. During the evening, prizes for the season scores were presented to Mrs. R. McLellan, Mrs. N. Sadler and Mrs. N. E. West.

Mrs. S. S. Penny will entertain the Rotary Anns this Thursday at her home in Victoria.

Dr. and Mrs. Robert M. Ramsay and their sons, Bobby, Billy, Jimmy and Tommy, arrived on Sunday from Winnipeg to visit Dr. Ram-

say's aunt, Miss Rosa Matthews, Third St.

Mr. and Mrs. D. E. Hancock and children have recently moved from their home on Third St., to take up residence at Churchill, Man., where Mr. Hancock is stationed with the R.C.A.F.

Mr. and Mrs. D. Craddock and two children have returned to their home on Third St., after enjoying a short holiday in Seattle.

G. F. Gilbert returned from Campbell River to spend the week-end at his home on Third St.

Recent guests at the home of Mr. and Mrs. H. R. Lawson, McTavish Road, were their niece and her husband, Mr. and Mrs. F. Gordon, of Los Angeles, and Mrs. J. McFadden of Guelph, Ont.

K. P. Rickman, Madrona Drive, had the misfortune on Monday to injure his foot at the Safeway Store where he is employed.

Mrs. W. Whiting, Sixth St., had as guests during the week-end her granddaughter and husband, Mr. and Mrs. Stanley Bell and their four children, Kerry, Corrine, Sandy and Robert, of Victoria.

Mrs. E. H. Gardner and two children, Gay and Michael, return to their home on Bazan Bay Road, this week, after travelling by plane from England where they have been visiting Mrs. Gardner's parents, for the last nine months.

Mr. and Mrs. F. Street have returned to their home on Dencross Terrace after enjoying a week's holiday up-island.

Mrs. Eric Vickerman, West Saanich Road, returns by plane this week from England where she has been visiting relatives and friends.

W. R. Orchard has returned to his home on East Saanich Road after taking a year of post-graduate study at Corvallis University. Dur-

# KINSMEN TO DEVELOP AREA

The Kinsmen of Sidney are looking into the possibility of developing a beach area along Lockside Drive, adjacent to the local dump.

Plans to develop this beach are at the moment tentative but the Kinsmen are eager to get started.

The Sidney Kinsmen were fortunate to have C. T. Overman, of The Review, as their guest speaker at their bi-monthly meeting last Tuesday evening. Mr. Overman gave a most interesting discourse on Middle East and the problems arising there. His speech was thoroughly

ing the summer months he will return to the Dominion Laboratory of Plant Pathology, under Dr. Wm. Newton.

Mr. and Mrs. Harold Thornley and son, of Allison Harbor, have been the guests of Mr. Thornley's parents, Mr. and Mrs. J. Thornley, Third St., and Mrs. Thornley's parents, Mr. and Mrs. W. J. Dignat at Brentwood.

Mrs. W. T. Holder, Shoreacre Road, has returned home, following (Continued on Page Ten)

## RETIRED TEACHER PASSES IN HOSPITAL

The death occurred at Rest Haven hospital on Thursday, June 13, of Miss Louise Jane Brunton, aged 74 years, a resident of Third St., Sidney. A native of Nanaimo, she taught school for many years, coming to Sidney to enjoy her retirement.

Remains were forwarded by Sands Chapel to Mount Pleasant Undertaking Co., Ltd., in Vancouver, where last rites were conducted.

enjoyed by the Sidney and the visiting Vic Van Isle Club.

Plans for Kinsmen participation in Sidney Day activities are going ahead as scheduled. C. Tyler, who is chairman of the committee for Sidney Day, reported that the Kinsmen will run a bingo game as one of their projects.

The meeting adjourned early so that the Sidney club could entertain the visiting Vic Van Isle club.

## BRENTWOOD

Mrs. MacFarlane presided at the monthly meeting of the Women's Institute, held at the hall on Tuesday afternoon with 16 members present. Plans were made for a strawberry tea to be held on Thursday, June 27, at the Institute hall, with Mrs. Hazel Woodward convening. The proceeds are for the W.I. funds for renovating the hall. Mr. Pynn, of Langford, gave a very interesting talk on shrubs and plants. This was the last meeting before the summer recess, the next meeting will be held in September.

Mrs. Wm. Parker, Marchants Road, is spending her summer vacation in Vancouver, where she is visiting with her son and daughter-in-law and family.

A very successful strawberry tea was held last Wednesday afternoon by the W.A. of the College Memorial Chapel, at the home of the Misses Howard, Verdier Ave. The tea tables were arranged on the lawn and about 100 guests spent an enjoyable afternoon.

The afternoon group of the Women's Auxiliary to the United Church have cancelled their June meeting. There will be no meetings until the fall, on September 19.

Brentwood Women's Institute will hold a strawberry tea and sale of home cooking on Thursday, June 27, at 2:30 p.m. in the W.I. hall.

## HE LIKED SWITZERLAND

### BUT FRANCE HELD LITTLE APPEAL

The Review's wandering European correspondent, a native of England who normally resides in North Saanich, writes another treatise on conditions in the Old World. This time his notes came from Bedford, England, where he proceeded after attending the Rotary International convention in Lucerne, Switzerland.

Some of his views are not in complete accord with those expressed in a letter to this newspaper recently by Mrs. L. R. Scardfield, formerly of Sidney, who now resides on the Isle of Wight.

He writes: "We really enjoyed Switzerland and can take a little of Italy — but certainly didn't like France. We stayed at the Hotel d'Paris at \$22 a day for room and continental breakfast, supposed to be inclusive, and after you have tipped everyone, including your hat, you are allowed to leave if you have paid all the extras that are somehow included on your bill. It seemed to us that everybody, and I re-

peat everybody, is out to short-change or fleece the Americans, which also seems to mean the Canadians. From the time we left the hotel in Paris until we arrived in London, I had tipped 13 different people.

#### NO WATER

"On the train from Paris to Calais, we travelled on what they call the Golden Arrow, £1/7/0 for your seat; £1/7/6 for your lunch, which was very nice, as you are sitting at the table all the time. But you couldn't get a drink of ordinary water, so had to buy a bottle of Vichy. Everything is very expensive on the continent. For a meal that would cost about \$1.50 at Hotel Sidney, we had to pay from \$4 to \$4.50. The room we had in Rome had a bath and washbasin, but the toilet was away down the hall.

"I don't want to report too much on England until we have been here longer. I was surprised to see Kensington badly deteriorated, full of colored people and Italians. We find the streets very dirty. The vegetable and fish shops still have open displays. Yesterday I was walking down Queensway when I observed a man sweeping along the gutter. The wind was blowing and the dust was swirling all over the displays of food. One thing that we do like is the wonderful pastry shops. They have a large variety and different types of bread. I think the radio and television programs are much nicer than ours, insofar as there is no interruption for advertising and I think that the programs are better assorted. Of course, you only get one channel, and that is not available all day.

**WILL CHECK UP**  
"I am going to start re-reading some of Frank Richards' articles so that I can make comparisons. I

find the streets very dirty. The vegetable and fish shops still have open displays. Yesterday I was walking down Queensway when I observed a man sweeping along the gutter. The wind was blowing and the dust was swirling all over the displays of food. One thing that we do like is the wonderful pastry shops. They have a large variety and different types of bread. I think the radio and television programs are much nicer than ours, insofar as there is no interruption for advertising and I think that the programs are better assorted. ## MOCK ATTACK IS STAGED BY CANADA'S NEWEST WARSHIP

By FRANK RICHARDS

Mock attack on an enemy submarine and its air cover was carried out on Monday by H.M.C.S. Fraser, when a large number of newsmen accompanied the new destroyer escort on her acceptance trials for a day.

The most modern design in the Canadian Navy, the fast, manoeuvrable vessel went through her paces in a most impressive manner as she hunted down her imaginary quarry. To add to the picture, the radio exchange between the fishing vessel, "Mary Jane" and the warship was broadcast over the ship's loud hailer. Culmination of the chase was the release of mortar shells and rockets as the weaving, speeding ship carried out a simultaneous attack on the sub and the aircraft. Watchers were near deafened as the rockets added their shrill scream to the roar of the mortars.

The demonstration, in the Strait of Juan de Fuca, was impressive for the order "Full Speed Ahead" as the vessel sat down in the water and churned a wake of cream to contrast with the cloud of black smoke from the funnel. Speed achieved was not mentioned, but the seafaring types among the spectators placed it at well above 25

knots. The vessel has a rated speed of over 25 knots, but no indication is given of its absolute maximum.

#### NOVEL ASPECTS

Visitors were escorted over the ship to inspect its many novel features. The exposed bridge is no longer the centre point of control. An enclosed cabin below the bridge is equipped with windshield wipers on all windows and the key personnel are sheltered from the weather. The ship contains miles of wire to form its electronics connections and relays as instruments and information are transmitted to various parts of the vessel.

Automation has come to the navy. Even in the boiler rooms, where the temperature reaches over 100 in the shade, the crews are happy to enjoy such cool working conditions. Storage is arranged so that material taken from the holds is readily available to the section requiring it, dispensing with the need to handle it from one part of the vessel to another. The crew have television in the messes and when they turn in they have spring beds with foam mattresses instead of the hammock of the past.

Novel to many of the crew is the ship's laundry.

There was even a note of regret in the officer's voice as he told a group of visitors that the ropes are no longer neatly coiled on deck, but are mechanically wound on reels and stored below decks.

#### SHIP'S COMPANY

When the ship is handed over to the navy at the end of the month Commander R. Phillips, C.D., R.C.N., will be the commanding officer. He will sail with 12 officers and 198 men.

The ship showed itself capable of more than providing attractive lines for Canada's new men-o-war. She showed that her armament could be transported in the shortest possible time from harbor to scene of battle.

She is a credit to the navy and to Yarrows Ltd., who built her. She is a credit to the men of Vancouver Island who worked on her. When she puts to sea to take her place in the country's NATO fleet she will be a part of the Pacific coast, and will be a part of the Pacific shippards, she will be a part of the men who built her, she will be Canada, afloat.

## SAANICH PENINSULA BRANCH NO. 37 LEGION NEWS

June general meeting of the Saanich Peninsula Branch No. 37, B.E.S.L., was held on June 10, President E. L. Clarke in the chair, seven officers and 27 members attending.

J. H. Nunn was initiated into the branch with R. Tuttle reading the principles and aims. A re-instated member R. J. Patterson was introduced to the membership.

The Gulf Island Branch extended an invitation to the members of this branch to attend their annual dinner. Ten members plan to attend and E. H. Case is arranging transportation to the island.

A club report was heard from

have to admit that the London railway stations are dirty. So far we have seen Victoria, Paddington, Waterloo and St. Paneras. The usual first class carriages are not too clean. The non-stop London to Folkestone Express was very good.

"I have just finished reading the first copy of The Review to reach me. Strange that the provincial government would even think of widening Chate Road, which is used so little compared to Lochside. I certainly would like to see Lochside Drive rebuilt without delay."

"You will probably be interested in the price of fruit at present: strawberries 3s.6d. per lb.; apricots 2s.0d. and 2s.6d. per lb.; bananas 1s.6d.; apples (African) 1s.6d.; grapes 3s.6d. per lb.; oranges, 4, 5, 6, 7d. each; tomatoes, 2s.6d. and 3s.6d. per lb. Salmon is 10s. per lb. Chickens cost about \$2 each. I think some of the other meat is a little cheaper."

#### BEFOULED SIDEWALKS

"People who live in all the large, converted, formerly wealthy family homes (which are now mostly small so-called hotel or rooming houses) all try to keep dogs. And, of course, the dogs have to be exercised. The dogs constantly soil the sidewalks (pavements over here). So instead of looking at the stores, everyone is obliged to walk with his head down, as though, ashamed, but they are really endeavoring not to defoul their footwear."

"The Metro in London is a wonderful transportation system when you get on to it, which I haven't done yet. Several times in the underground I have missed getting off at my proper station and had to return. We did better on the buses because when the conductress collected the fares, and we were going the wrong way, she would correct us in time."

"I went to a luncheon of the London Rotary Club. They certainly take their own time about everything. First you get there in time to have a drink or so before the luncheon starts, at one o'clock, 1s.6d. and a tip for the hat check girl. Then the fellows have a beer or so with their meal, 2s.6d. and a tip. The meeting eventually winds up about 3 p.m., or just before ten (time)."

"We secure delivery of our car next week and then plan to drive all over the country, returning to Bedford for our mail every couple of weeks."

## CENTRAL SAANICH

### The Dogwood Club

(By G.I.H.)

The Dogwood Club just had to be As natural as is the Dogwood Tree, For love and beauty will not be crushed

Down for ever beneath the dust; From our flowering earth fresh forms will rise

To charm sad hearts, and cheer dim eyes And make our world a paradise.

The Dogwood Club was begun by the love of Mrs. Harry Buckle of being visited by her neighbors. Related to the distinguished literary Lugrun Shaw family, she was formerly a director of the Brentwood W.I. Harry Buckle was many years chief printer of The Daily Colonist. Their home was in the Old West Road, Saanich. Last year they moved with their daughter, Mrs. Ruth Simpson to 254 Linden Ave., Victoria.

A month ago Mrs. Buckle, who is 85, went to St. Joseph's hospital for eye surgery. Home again, she seems in good health and cheer, and said she is "looking forward to seeing my crochets and knitting again", in which she excels.

Confined for years to her bed, she resumed a more active life with the aid of a wheel chair. Whilst in the Old West Road, the Buckles entertained among others, Mrs. Archibald Campbell, Mrs. Walter Hearle, Mrs. Horner Harrison, Mrs. William Radcliffe.

#### CLUB IS FORMED

After they left, these visitors missed them, and their association began to slowly dissolve, so Georgina Harrison pleaded that they should continue their social contacts at "Ferncliff".

From this nucleus grew the Dogwood Club of which Miss Jean Anderson has consented to be the first president; Mrs. Rose Chuddy, vice-president; Mrs. Larry Rolls, corresponding secretary; Mrs. Charles Jones, treasurer; Mrs. Hearle and Mrs. Thomas Raynbird, directors; Mrs. Maud Hunt, convener of reception; Mrs. Maud

Club Manager, J. Riddell, and he announced that the club lounge would be open all Sidney Day. Four members offered their assistance on that day.

Further to last month's report, W. Stewart revealed that with new government tax on all Legion bingo games, the branch is coming out second best to the government, as far as the profits are concerned. However he said that Legion bingo will continue as before.

The June meeting of the Zone Council will be held at this branch on the 27th.

A note to any and all members who have changed their address as of late, kindly advise the club secretary, H. E. Robertson, or the membership chairman of your new address.

It was agreed by the membership to hold the next general meeting in September allowing a summer recess during July and August. Until further notice the next meeting will be held on the 9th of September.

For Good Printing Service Call The Review

Pott, convener of painting; Mrs. Radcliffe, convener of gardening. Mrs. Campbell and Mrs. George Lyons are additional members. Mary Chuddy and Janice Rolls, each aged four, and Chris Harrison are associate members.

Mrs. Pott has shown some of the paintings for which she won the British National Bronze, and Silver Medals, and some exquisite photography by her son, Sydney Pott of the Old West Road. Mrs. Leedham Hobbs visited the club and talked informally, but inspiringly of club and artistic activities. She showed her attractive lively oil paintings and was accompanied by her sister, Coleen.

Miss Ruby Donatich gave a demonstration in making Christmas dec-

## SAANICHTON

Keating 200

On June 25 the Saanichton school will hold the combined picnic and sports day. The pre-school-age children are all invited, with their mothers as well as all parents. It is to be held at the experimental farm, beginning in the morning. All will be transported from the school. Provision will be made for drinks and ice cream.

orations and her other ingenious creations, Mrs. Jean Combe has shown lovely pottery, and told of her visit last summer to attend the V.C. commemorations and the garden party given by the Queen Mother.

## DOMESTIC RABBITS ARE FED CAREFULLY

The basic pellet of the rigorously controlled domestic rabbit diet consists of highest quality alfalfa meal and cereal grains such as oats, wheat or barley. No strong flavored greens such as kale or cabbage are fed these pampered animals in order to avoid flavoring the meat unduly.

Important protein sources are peanut, soybean, sesame, linseed and hempseed. These high protein-yielding foods are included in the complete feed. Vitamins A, D and E are necessary for proper growth with A and D the most important and added as required to the complete pellet.

Proper nourishment is vital to domestic rabbits, as a litter will double its birth weight during the first week after birth.

In 1878, the continuous centrifugal cream separator was invented by Dr. Gustav De Laval.

## A NECESSARY SERVICE

SINCE the protest sounded by the village of Sidney several weeks ago concerning the cost of garbage disposal, little has been said on the subject. A committee of the village commission has attended upon the deputy minister of municipal affairs to ascertain whether or not provision is made whereby an unorganized area and a municipality can meet to arrange suitable garbage disposal facilities between them.

The village has been assured that this can be arranged and that there is every indication that the minister will approve a scheme embracing both areas.

This is the story to date. Nothing has been said of ultimate plans, which are not fully formulated. No comment has been forthcoming from any ratepayers in the village or outside. One resident of Deep Cove has told The Review that he is enthusiastically in favor of the proposal and that he will support any move to provide a garbage disposal system which will be supported by the benefitting ratepayers and not by the village, unaided.

Residents of the North Saanich area will lose nothing by pressing for a continued collection service. It is a needed service here and there are few who will object to the small payment anticipated.

## FUTURE OF THE ISLANDS

DURING the past few weeks and the past few months and the past few years a series of different meetings has been called on Saturna and North and South Pender and Mayne and Galiano Islands at which the main subject of discussion has been transportation. The discussions started shortly before the C.P.R. withdrew its service from the islands and have continued ever since. The talks are still continuing.

It's no secret, of course, that there is some difference of opinion on just what would be an ideal ferry service for the Gulf Islands. But these discussions can continue until Doomsday with nothing permanently constructive emerging from them unless all those islands residents affected realize once and for all that they are a geographical entity, rather than individual islands with individual problems and desires.

Few of us enjoy in life everything we desire. It may be the same in the case of the islanders. They may be wise to bury the hatchet and by practising the principles of give and take arrive once and for all at a common purpose. Once they all start to pull together towards one objective, it should be easily attainable.

Ferry service linking the islands with Vancouver Island is desirable. So is ferry service to the mainland. No one can gainsay that. But it's when one faction rates the need of one higher than another that we begin to differ. If we can have both, by all means let us have it but the attitude, if it exists, that we must have everything or nothing initially, must not prevail. For it would be only detrimental to progress.

The Review is fully cognizant of the outstanding contribution to Canada's commerce made by Chambers of Commerce. We heartily endorse the suggestion that a Gulf Islands Chamber of Commerce be formed. It could aid business growth in many, many ways. But it should not be started with three strikes against it. The effective Improvement Bureau hit the ferry service reef and sank. So would the prospective Chamber. The logical plan of attack would seem to be to conquer the ferry service boggy and then launch the Chamber. Any attempt to do it by putting the cart before the horse would not work, we are satisfied.

All of British Columbia is moving ahead rapidly. The Gulf Islands' development will be speeded just as soon as some semblance of unanimity is attained with regard to ferry service. Surely this is the time for burying the hatchet—not sharpening it.

## CHANGING PATTERN

TWO responsible Vancouver Island weeklies took an editorial glance last week at the campaign which preceded the federal election on June 10. Both the Parksville-Qualicum Beach Progress and the Comox District Free Press pointed out that the whole character of campaigns is changing. Election meetings draw exceedingly small attendances. Both the newspapers favor meetings in which all the candidates attend. They feel that future campaigns will feature more of this type of meeting and fewer meetings called by individual candidates.

There is no doubt but that meetings on the Saanich Peninsula prior to the June 10 election drew very slim attendance. Candidates spoke in various halls practically every night. But very frequently their audience would consist of a dozen voters—or even fewer. One case was reported in this immediate district where the speakers, the chairman and the piano player comprised the entire group. That meeting changed few votes.

The Review does not pretend to know just how the electorate makes up its mind on which candidate to support. We don't think that radio appeals, nor TV programs, nor editorials, nor posters nor widely-circulated printed literature make much difference. And it is certain that public meetings with only a dozen present cannot cut much ice.

Comox District Free Press quite frankly questions the value of small meetings. "Three groups attend these meetings," the newspaper maintains. "There are the people who intend to vote for the candidate of their choice even if he chose to recite three pages of the telephone directory rather than give a political speech. There are the people who go just to listen and who have every intention of voting for his opponent regardless of anything. And the third class, a very tiny group, we feel is that which comes to a decision after they have heard all the speakers."

Both the northern newspapers are convinced that joint meetings addressed by all candidates are the answer to an enlightened electorate. They may be right.

## Letters To The Editor

NO LOBBYING  
Editor, Review,  
Sir:

I think I have told you on one or two occasions how much I enjoy reading your publication. I must however take exception to some remarks in the item in last

Wednesday's issue with Sidney Commission affairs, and particularly with respect to the resolution on education presented by Sidney at the recent Vancouver Island municipalities meeting at Courtenay.

If there was lobbying against

## Resuscitation—In Mid-Air

B.C. Power Commission linemen apply continual artificial respiration as they remove "victim" of high voltage wires from top of pole to safety on ground. Spectacular demonstration was given recently by crew at Duncan during Safety Week, and may be repeated soon at interior points. Art Beadle applies resuscitation to Bill Ingham while Chuck Reader removes secondary wires and Gaston Miron makes rope ready for lowering.

## Reflections From the Past

### 10 YEARS AGO

One of the shortest holidays on record was enjoyed last week by P. Mumford at Deep Cove. Mr. Mumford cut his lawn and left by air for England. He spent a holiday in Cornwall and 10 days later was back at home, cutting his lawn.

Mrs. S. P. Corbett, wife of the proprietor of the Pender Island

this resolution, I was not aware of it. I did not lobby nor was I approached by any other representative. My remarks on two points were my own ideas on the subject but I will not take valuable space to repeat them at this time.

I have considerable sympathy with the Sidney Village Commission in this matter but I believe that they are trying "to go too far too fast". I think that they will receive a lot of support from many people on some points in this resolution but that few will be able to accept all points. This will result in very few persons being able to accept the resolution as it now stands.

AUSTIN I. CURTIS.

City Hall,  
Victoria, B.C.,  
June 15, 1957.

### REGRET

Editor, Review,  
Sir:

It was with deep regret that I learnt from last week's Review that the North Saanich Choral Society is being disbanded.

This society has given generous financial assistance to several charitable organizations, and, of course, the greatest pleasure to all who enjoy "live" music.

May I express on my own behalf, and on behalf of many others, a word of sincere thanks and appreciation to the conductor, Mr. Edwards, and to the members of the choral society. I am sure that it is the earnest wish of many that it may be possible for the society to resume its activities in the not too distant future.

W. BUCKINGHAM.

Box 112,  
Sidney, B.C.,  
June 18, 1957.

### ENDORSEMENT

Editor, Review,  
Sir:

Would you be good enough to allow me space for this letter.

On behalf of the Co-operative Commonwealth Federation (C.C.F.), I wish to express our appreciation for the good voting support given me by the voters of the Sidney, North Saanich and Central Saanich areas.

I particularly wish to express our thanks to you who were actively at work during the election campaign. Your work as unpaid volunteer workers in a good cause achieved encouraging results.

In the general picture the C.C.F. has received extensive endorsement. We have more elected members west of Ontario than has any other party.

Thanks to you all again . . . and Carry On!

J. M. THOMAS,  
C.C.F. candidate.

Timber Lane,  
R.R. 1, Victoria, B.C.,  
June 14, 1957.

## Meditation

The Lord giveth wisdom; out of His mouth cometh knowledge and understanding.

## If Winter Comes

If winter comes,  
I will anoint, as 'twere a king, the mover's gleaming blade.  
Far from the graves of cabbage-plants I'll rusticate my spade.  
With reverent and prayerful hand, each can of paint I'll seal.  
And turp the tint from every brush,—white, grey, or cochineal.

If winter comes,  
I'll walk, at evening, thoughtfully, wherever I shall please.  
Mosquito shall not vantage take, nor pollen make me sneeze.  
My daily bath, if winter comes, will not be lined with stones:  
Nor shall its arctic temperature strike terror to my bones.  
If winter comes, the sky will take my place behind the hose.  
There'll be no bugs for me to spray till they are comatose.

If winter comes,  
Oh, books, that kept your orderly array!  
Oh, closed desk, and rusted pen! Oh, beckoning display  
Of ivoryed keys! You shall not keep your silence sacrosanct!  
I'll not then valet verdant lawn, nor yet nurse blooming plant!

D. FRANCES SAVILLE,  
Port Washington, B.C.

## A Rewarding Field

(Campbell River Courier)  
There is an old saying that "no printer is ever bored". To this we can add that no publisher of a weekly newspaper is ever bored.

Try to imagine a world without printing . . . a world without books, magazines or newspapers. Look around you and you will see printed posters, printed letterheads, printed business forms. Look in your pocket and you may find printed money.

Civilization as we know it would end without printing. Take away the weekly newspaper, the lines in your school notebooks, the colorful billboards, and we would return to the dark ages.

There is so much variety in the printing industry that no printer could ever become bored. Printing keeps up our standard of living, it enlightens the world, it helps to make democracy work. Printers can hold their heads high.

In the weekly newspaper field, we are not only printers, but we are writers, too. That is an exciting

occupation. We constantly meet all the people in our community, find out what they are thinking and doing, and then sit at our typewriters to create—yes, create, these activities into interesting sentences.

And when we think our community needs a new playground, or a new school, or better utilities, we campaign for such things with words and pictures. When our printed words are added to the speeches of community leaders, and our campaigns are successful, we are rewarded by a feeling that we are helping to shape our environment.

## MORE ABOUT ANNIVERSARY

(Continued from Page One)

callers included Mr. and Mrs. Cooley and Sheldon; Mr. and Mrs. Hedley Bowers, Mr. and Mrs. Gordon Rodgers, Mr. and Mrs. Al Pearce, Mrs. Tom Rogers, Mr. and Mrs. Len Rogers and John; Mr. and Mrs. Bernard Rogers and Irwin.

On Sunday afternoon the family gathered for a buffet luncheon. When the guests of honor cut a cake specially iced for the occasion. Those attending were Mr. and Mrs. H. Bowerman, Mr. and Mrs. Stanley Rogers and Brian, Earl and Rita; Mr. and Mrs. A. Rogers, Mr. and Mrs. Eugene Rogers, Mr. and Mrs. Glen Rogers and Jansen and Stephen; Mr. and Mrs. Fred Johnston and Peter.

## "Talking It Over"

PASTOR T. L. WESCOTT, B.A.,  
Sluggitt Baptist Church,  
Brentwood Bay

... and the Word was made

flesh and dwelt among us . . .

John 1:14

In the world of today there are many ways of conveying our thoughts to other people. There is the spoken word, the written word, the pictorial word, and then the "say it with flowers". But God used His own unique method of getting to us the most wonderful message the world has ever had the privilege of knowing, the

message of His love.

Most people who have ever gone to Sunday School will remember: "For God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish but have everlasting life," which is God's "gift" message of His love and care for His creatures. Many today do not realize that Jesus is the very Son of God and at the same time is God the Son, but according to the Bible—He is. God has spoken in different ways in Old Testament times but today He has spoken in the clearest and strongest manner to the children of men for "God . . . hath in these last days spoken to us by His Son."—Heb. 1:2

I wonder today if you and I have listened to this message of the love and care of God in the way that we ought to have listened? And having listened, have we acted?

stalled refrigeration plants to keep their produce cool and in good condition.

Mr. and Mrs. L. T. Bellhouse entertained at the Farmhouse Inn on Galiano Island on Tuesday when the tennis season was opened. In attendance were Mr. and Mrs. A. Scoones and family; Misses Bellhouse, P. Scoones, J. Burrill, Mr. Harding and Mr. Robbins.

Miss Alma Gorton, of Centre Road, has left to spend a holiday in Banff as the guest of Mr. and Mrs. A. O. Wheeler.

Dean Coleman of the University of British Columbia, and Mrs. Coleman arrived at Deep Cove with their family last week to spend the summer months in their cottage here.

Misses May and Ruth Hogben and Sidney Hogben were week-end visitors to Mayne Island.

Mrs. R. E. Nimmo, Saanichton, is visiting relatives in Vancouver.

Notice has been given that the executive of the Sidney and North Saanich Chamber of Commerce will debate the incorporation of all or part of the North Saanich District at the next meeting. It will be a public meeting.

### 20 YEARS AGO

All cabinet ministers were returned to office on Tuesday, when the Liberals retained support of voters in the province, Macgregor Macintosh was elected in Saanich and the Islands.

South Pender Island was a scene of activity on Tuesday, when the Cy Peck made her first arrival of the season.

The Appleby family of North Galiano staged a reunion recently. Among the guests were the Schulzfeld children, from Retreat Cove, Miss Barbara and Miss Mary Scholfield, now of Ganges; N. Cook and Ralph Ricketts and several relatives from Chemainus.

Capt. Hunter, of Victoria, was a guest at the home of Mr. and Mrs. S. Robson, Mayne Island, last week. Mrs. Robson has returned with him to Victoria.

Mr. and Mrs. Fred Mountain have returned to their home on Saturna Island from Victoria, accompanied by their three-week-old son.

Mr. and Mrs. J. J. Kennedy entertained the captain and crew of the Canadian National tug and barge which tied up for Saturday night at Fulford. The crew numbered 18.

Winners of last Friday's foursomes at North Saanich were Mrs. Pownall, Mr. Rodkin, Miss Payne and Rev. J. S. A. Bastin.

### 30 YEARS AGO

The year 1927 will mark the 60th anniversary, although British Columbia was not brought into confederation for another four years.

Councillor L. C. Hagan and the Misses Hagan entertained in honor of Rev. E. M. Schelen on Sunday afternoon. About 100 parishioners attended to congratulate Fr. Schelen on the 25th anniversary of his ordination as a priest.

Both butchers in Sidney have in-

## Male Mystery

(Hamilton Spectator)

Women can't understand why it takes three hard rainstorms and a fishing trip to make a man's hat really comfortable.

A nest of insects near the home is effectively destroyed by sprinkling lye on or around it, or into openings through which the insects crawl.

## SAANICH HOLSTEIN 4H CLUB RANKS HIGH IN SOUTHERN ISLAND JUNIOR MEETING HERE

With six clubs participating and 60 contestants the first field day of the Malahat South 4H Council, held on Saturday in the Saanichton Fair grounds, was an unqualified success. The idea of a district council made up of all the 4H clubs in the area is working out well according to opinions expressed by club leaders who attended. More can be accomplished in one day and more fellowship and community spirit engendered into the 4H members than by the old single club method, it is felt. Roger Fry, district agriculturist, was in charge of operations and he was ably assisted by organizers from each club.

Saanich Holstein Club produced more of the top scorers than any

## LADIES' GUILD TO RECESS FOR SUMMER

St. Margaret's Ladies Guild met on Wednesday evening, June 12, at the Galiano home of Mrs. Harold Shopland. President, Mrs. Stanley Page was in the chair.

The treasurer's report showed a balance of \$423.72, a portion of which will be spent on wall-to-wall carpet for the church sanctuary. Material to make up into garments for the annual bazaar is to be purchased and the guild has also contributed the sum of \$16.80 toward the insurance on the church furnishings.

Arrangements for the Sunday school picnic will be left in the hands of Mrs. J. I. Bayfield, the superintendent; the guild to pay for ice cream and suitable beverage.

Mrs. Bayfield read a letter from an official at an orphanage in Korea thanking the children of the Sunday school for underwear purchased with their donation to CARE.

Co-hostess for the evening was Mrs. S. Smith.

The next meeting will be held in September after the summer recess.

## THREE FINED IN SIDNEY COURT

Three Victoria drivers appeared in Sidney R.C.M.P. court last week to pay a total of \$45 in fines and \$47.50 in costs.

Cameron Siles, Dickson, pleaded not guilty to driving without due care and attention. It was stated in evidence that he cut across the garage property at the intersection of Beacon Ave. and Patricia Bay Highway, clipping a passing car. He was found guilty and fined \$20 with costs of \$37.40.

George William Delbert Bonner paid a fine of \$10 with costs of \$5 for failure to observe a stop sign. Both men appeared before Magistrate F. J. Baker.

Terry Bernard Mesher appeared before Magistrate D. W. Ashby to pay a fine of \$15 for exceeding the 50 m.p.h. speed limit. He also paid costs of \$5.

If there are dark spots on the yeast cake, it is better not to use it, as some of the yeast plants are dead. A good cake of yeast is moist, uniformly creamy in color, and can be easily broken into crumbs.

Q. When a man is seated in a public dining room or restaurant, and a woman acquaintance bows to him, how does he respond?

A. He merely makes the gesture of rising by getting up halfway from his chair and at the same time bowing. Then he sits down again.

other club, including three members of the Taylor family. In the 15 years and over group, Clara Taylor, with 517 out of a possible 605 marks was high man; Dick Aylard, this year a member of the Saanich-Sooke-Sidney beef club was second with 499, and Joseph Taylor third with 492.

In the 13 and 14 age group Ruth Gibbons, Saanich Jersey, was high with 470, Karen Cronk, Saanich Holstein, 413½, and Margaret Taylor, Saanich Holstein, 387½.

In the under 13 class, Bob Evans, Saanich Jersey, 381; Albert Hull, Saanich-Sooke-Sidney Beef Club, 326, and Grace Bishop, Saanich Holstein, 322½.

**POULTRY CLASS**

In the morning the competitors judged Rhode Island Red hens and received a short address on poultry judging from Harry Pope, B.C. poultry commissioner; Jersey cattle, with a few pointers from Bill Adrian, secretary of the V.I. Dairy-men's Association; Saanen goats, with some interesting advice from Mrs. E. Smart, who supplied the four

goats and gave the official placing; and they also took part in a difficult identification of common farm objects competition.

In the afternoon Aberdeen Angus heifers were judged, with Tom Brydon giving the instruction; market lambs were placed by Bob Derrinberg; vegetables, including onions, potatoes, carrots and cabbage, were judged and explained by Al. Littler, provincial horticulturist; and an interesting tractor quiz was run by Roger Fry.

Gordon Landon, director of agricultural extension, and Echo Lidster, director of B.C. 4H clubs were both present during the whole day as was Des Hazlette, senior agriculturist for the area.

Clara Taylor was not only high in the aggregate score, but she was first in dairy cattle judging, in sheep, in poultry and in beef cattle. Joe Taylor won the identification contest and Margaret Taylor the goat judging. Dick Aylard was high man in the tractor quiz and Jane Windsor, of the Saanich Goat Club, won the vegetable judging.

## MEMBERS OF I.O.D.E. CHAPTER IN SIDNEY TO STAGE BOX SOCIAL

Regular monthly business meeting of H.M.S. Endeavour Chapter, I.O.D.E., was held June 5 in the activity room, Sidney elementary school. The regent, Mrs. E. Gray, presided.

Treasurer's report showed a balance of \$207.55. Final figures showed that the fashion show netted \$87; bridge and Dutch auction, \$56.10; and the B.C. Electric demonstration, \$35.45.

A letter from D. Huntley, secretary of the North Saanich High School United Nations Seminar group stated that she and Miss

## Problems Solved By Clinic At Garden Club Meet

A large number of members and friends attended the recent meeting of the North Saanich Garden Club.

A full report on the spring flower show was given. The success of this show was such that the club intend to make it an annual event. Future shows will be greatly helped by the constructive criticism given by the judges.

A fall show will not be held this year but members decided to put in a display in the Saanich Fair if suitable space was available. Members were urged to enter exhibits in the competitive classes at the fair.

Numerous specimens of plants were on hand to be examined during the open forum session. J. L. Boshier, of the Dominion Experimental Station at Saanichton, was able to give some expert advice on what caused the damage to these specimens. Various club members also stated how they had overcome similar problems.

Arrangements are being made for an open house picnic for members and friends to be held at the experimental station on July 6. Details of this event will be announced later.

## MRS. WYTHE TO HEAD GROUP

Mrs. Wythe was elected president of the McTavish Road School P.T.A. on Monday evening at the annual meeting in the school.

The new slate was installed by Mrs. W. R. Orchard, past-president of the McTavish-Patricia Bay P.T.A. Mrs. Orchard and Mrs. M. Taylor were each presented with a corsage by Mrs. H. Currie.

At the conclusion of the meeting refreshments were served.

Other officers on the executive are: vice-president, Mrs. K. O'Halloran; secretary, Mrs. J. Locke; treasurer, Mrs. R. Jackson; membership, Mrs. J. Rickard; social, Mrs. E. Lovejoy; publicity, Mrs. W. Anderson; program, Mrs. O'Halloran; council, Mrs. W. C. Burrows and Mrs. O. D. T. Whitehouse.

## BEACH PARTY ENDS SEASON

Annual meeting of the Anglican Girls' Auxiliary was held recently as a beach party at the home of Mrs. P. A. Maxwell, Towner Park, under the chairmanship of the retiring president, Sheila Todd.

Reports were given of the year's work, which showed a satisfactory return towards the diocesan pledge, Doreas and scholarship fund.

Plans were made for five members to attend the G.A. week-end at Camp Columbia, Thetis Island, early in September.

Meeting was closed by the new president, Lorna Basher.

**WARM WEATHER CHOCOLATE**

If the chocolate has acquired a white appearance on the outside, this is merely a sign that it has become too warm and a little of the fat has melted and come to the surface. The chocolate in itself has not been affected and has not been injured in any way.

Marilyn Blow would address the next meeting of the chapter on June 19th at the home of Miss Ruth Blatchford, East Saanich Road. The meeting will be in the form of a box social.

Mrs. G. Montgomery reported that seven books had been presented to the schools in the district, as library additions, commemorating Empire Day. Mrs. S. Crist, service at home and abroad convener, reported receiving acknowledgment of the monthly financial assistance sent regularly to a pensioner in England, and stated that the collection boxes for the Solarium's annual shower of dimes campaign had been placed in local stores.

Mrs. F. Reid, standard bearer, gave her report of activities at the national convention held recently at the Hotel Vancouver and also read the delegate's report.

**INHALATOR**

Mrs. J. Bell, health council representative, reported that a steam-inhalator had been added to the medical supply loan cupboard and that there is now a poison control centre operating at the Royal Jubilee hospital in Victoria. This centre is staffed 24 hours a day and will advise antidotes for poison or instructions for immediate medical and hospital care at no charge.

The health council has undertaken to look after the rest and first aid tents on Sidney Day.

Two committees were appointed to make arrangements for the I.O.D.E. float and the queen's float for Sidney Day.

Mrs. J. Gurton, immigration convener, reported that a new Hungarian family had arrived in the district and many of the members volunteered donations of bedding, which will be delivered as quickly as possible.

POLIO CLINICS SPONSORED BY CHAMBER OF COMMERCE

Salt Spring Island Chamber of Commerce held a council meeting on Tuesday, June 11, in the board room of Mahon hall, Ganges, with A. M. Field in the chair.

Max Munro reported in regard to beach access roads, and said that estimates have been submitted by George St. Denis, to the department. A letter has also been sent to the parks department, submitting suggestions for a marine park on Salt Spring. Sites recommended were Burgoyne Bay and Ganges Spit.

Alex McManus told the meeting that he would spray oil, at cost, in front of homes, to cut down the dust. The department of highways is being requested to put a white centre line on paved highways, and necessary road signs are to be erected.

Mr. Brown will proceed with arrangements for a pound law. Pound-keeping facilities must be set up and a poundkeeper must be appointed, with advertising to follow.

The 39th annual meeting of the Associated Chambers of Commerce of Vancouver Island will be held at Sooke on June 18 and 19, and Mr. Field will attend as a voting delegate from Salt Spring. Suggestions were made that the island be represented by a float at Sidney Day, July 1. It was hoped that more facilities could be available to tourists who come to Salt Spring on Sundays and Wednesdays, when the stores at present, closed.

Vesuvius Beach needs tidying up, and E. Booth requested volunteers for this job. The chamber will again pay for notices sent out in regard to the next polio clinic.

Notices are not being sent out, so the public is advised of the date, June 25, at Mahon hall, Ganges, at 7 p.m.

NURSING

The civil defence home nursing instruction classes, under Mrs. McManus, R.N., are still held every Monday evening in the parish hall, St. George's church, at Ganges. Mrs. McManus reports a rather

small class has attended, which she found disappointing.

Mrs. McManus would also like to remind the public that the second polio shot will be given on June 25. Those who did not attend the last clinic and who wish to register should get in touch with her immediately.

This clinic will also be the first shot for Gulf Islanders and they are requested to register with Bamber's Store, Galiano. Mr. Bamber will also try to organize transportation.

The second polio clinic for this group of islanders and late registrants will be held next month. The third and final shot will be given in January.

DONATIONS MADE BY ISLAND W.A.

Anglican W.A. met on June 14, in the parish hall at St. George's church, Ganges, with Mrs. G. H. Holmes presiding. The devotional period was taken by Mrs. E. Adams and Mrs. F. H. Baker.

Mrs. Holmes reported on the deacons' luncheon, held in the parish hall, recently, which 20 visiting clergymen from Victoria and district attended.

The parish fete arrangements were discussed, with Mrs. Jackson and Mrs. J. Byron offering additional prizes for this affair. The next W.A. meeting will be a sewing meeting to prepare things for the fete. Mrs. F. H. Baker read a series of articles on "A Formula for Self Improvement".

Several donations were offered by the meeting, including \$25 to the St. George's Sunday school for prizes; \$20 to the Anglican Theological College; \$5 to the Arctic Fellowship; and Mrs. J. Byron is being given two Bibles for her Sunday school.

Talent money was collected during Lent and this totaled \$21.70. Tea hostesses for the afternoon were Mrs. J. Frost and Mrs. J. B. Eberts.

FULFORD

Mr. and Mrs. Hewitt are spending a few days at Walker's Hook, Salt Spring Island, the guests of Mrs. H. Hoffman.

Mrs. Tyrrell left last week for Edmonton and Jasper National Park, where she will be visiting relations for a few weeks.

Mr. and Mrs. Sidney Hoole, of Saanich, were guests of Captain Mrs. G. Maude, last week. They returned home on Sunday.

Mr. and Mrs. H. Dickens have just returned home after spending 10 glorious days cruising among the Gulf Islands. Their longest stay was on Mayne Island, but they managed to see many beautiful spots around these peaceful and happy islands, and travelled from island to island in their little 16-foot launch.

Dr. L. Lambert is spending a few days in Vancouver.

Mrs. A. Hepburn has been a patient in the Lady Minto hospital for some time. Also one of Fulford's old-timers, John Mollet, is a patient in the hospital.

Mr. and Mrs. Lloyd Wood of Long Beach, Calif., were guests of Dr. and Mrs. L. Lambert at Solimar last week. The Lamberts are expecting a busy season and will have a number of guests next week.

Mrs. Mary Hersey has returned to Vancouver after spending the last two weeks in her summer cottage at Dromore.

Mr. and Mrs. Gardner, of Vancouver, were guests of Mr. and Mrs. Seymour at Fulford. The Seymours have recently bought property at Fulford and the Gardners have bought the Langley property on the Isabella Point Road.

Ladies To Travel To Port Angeles

South Salt Spring W.I. met at the home of Mrs. A. Davis on Thursday, June 13, with the president, Mrs. R. Lee in the chair. Reports of the different activities of the year were given and Mrs. Davis gave an interesting report on the recent W.I. workshop, held at Colwood, at which she was a speaker. Plans were discussed to join the Soaneros W.I. at Vesuvius Bay on July 11, where they will have a picnic, and a trip to Port Angeles on August 7. The B.C. Women's Institutes will be guests of the Clallam County W.I. there.

Arrangements were made to hold a raspberry tea at the home of Mrs. R. Lee on July 25.

to stretch our legs since leaving Vancouver but the 10-minute halt does not allow a view of the town which is nowhere near the station.

Here we debouch upon the Fraser whose muddy waters are now at flood stage. Crossing to the right bank we begin a long slow climb along the sides of Pavilion mountain from 800 to 3,500 feet where we look straight down on the river now shrunken to a thin ribbon in the distance. Scenically this is the highlight of the trip; the remainder is more or less anticlimax.

A long dull stretch through wooded terrain brings us to the shores of Lac la Hache. We pass small portable sawmill outfits at intervals of five miles. We are now behind time and the engine accelerates up to 50 miles an hour wherever there is a straight stretch of track. Since the line is not laid out for fast travel there is considerable pitching and swaying at these speeds.

Dinner time finds us winding easily along the shores of Williams Lake. Here the lake front is occupied by a continuous farm settlement with many cattle browsing along the right a way. Tenderized steak with vegetables and canned peaches comprise the dinner offering just prior to our arrival at the town of Williams Lake where we have a 15-minute stop. For once the station is situated in the middle of the town and thirsty souls have time for a quick one at a cocktail bar just across the street from the train. We are now in the real Caribou ranching country and the engineer is constantly slowing down and tooting at the white face Angus steers wandering on the track. Twilight lingers long in the north country and it is not until we reach Quesnel that darkness overtakes us around 10 p.m.

This was for many years the northern terminal of the line. There is, as usual, no sign of any town to be seen from the station. It is too late to see anything of Cottonwood Canyon which we cross soon after leaving Quesnel but the obliging conductor shines a torch down on the water 300 feet below the train. Of any further marvels between here and Prince George I cannot speak as I dozed off along about here. Later I learned that there were none anyway so that was alright.

At 12:30 a.m. we came to a final halt in a deserted spot alongside the Fraser at this point seemingly almost as wide as it at New Westminster. A two-mile ride in a taxi brought us into town, but my search for a night's lodging proved to be in vain and I returned to the station around 2 a.m. and was permitted to doss down in the waiting room until the departure of the southbound train at 7 a.m. The cost of the round trip comes to \$30, including meals.

The seats in the cars are very comfortable but the rounded leaves something to be desired so that the ride is rough in spots. In conclusion I cannot speak too highly of the courteous and obliging staff of the train who did everything possible to add to the enjoyment of the passengers.

THE GULF ISLANDS

TWO OFFICERS GIVEN PINS

Annual meeting of the Fulford P.T.A. was held recently in the Fulford hall, with Mrs. F. L. Jackson in the chair and 11 members present. Reports were heard on the garden contest and the activities of the P.T.A. throughout the past year.

The president, Mrs. F. L. Jackson, thanked all the members of the committee who had served with her in the past six years, and the teachers and guest speakers, who had added so much interest to the meetings. She was presented with a beautiful corsage and a P.T.A. president's pin. The retiring secretary, Mrs. J. Silvester, who has served for the past three years, was presented with a P.T.A. membership pin.

Owing to there being no candidates for the election of officers, a special meeting is called for June 21 to decide the future of the Fulford P.T.A.

As it was the sixth anniversary of the Fulford branch, it was celebrated with a beautiful birthday cake, made by Mrs. Silvester, to whom a vote of thanks was given. Refreshments were served by Mrs. G. Reynolds and Mrs. A. D. Dane.

SOUTH PENDER

A warm sunny day on Saturday, June 15, with a light westerly breeze saw the annual predicted log race of the Women's Auxiliary Capital City Yacht Club, come to a successful finish in Bedford Harbor, where about 15 boats with members and guests of the club were waiting to cheer in the lady skippers of the 11 competing craft.

Winner of the Edna Henshall Rose Bowl trophy and first prize, a sleeping bag, was Mrs. Elaine Smith, skipper of the Tum Tum. Second prize, a fishing rod, donated by Captain and Mrs. Lewis of Coal Island, went to Mrs. Hetty Jamieson. Mrs. Edith Rodgers won the third prize, and Mrs. Mildred Coles the consolation prize.

Supper was served to over 50 guests in Pritchard's hall, followed by a dance to wonderful music supplied by Fred Pitts of Victoria. Final verdict: "Best ever!"

EGGS

Eggs can be kept fresh for a longer time if, while still fresh, each egg is rubbed thoroughly with either butter or glycerin.

Watkins Gulf Islands Note for the Week

For cleaning and bringing back colorful new life to rugs and upholstery, Watkins Liquid Cleaner takes first place.

Practically any recipe for cakes (including mixes), cookies, pies, candies, frostings, fillings, custards and puddings, is improved by flavouring with Watkins Double-Strength Vanilla.

You Need this book from

EATON'S

—Your Ordinary Legal Questions

Are QUICKLY Answered by

Anger's Digest of Canadian Law

It is the prescribed textbook for most Canadian courses in business law and used by most universities.

Anger's Digest sets out in non-technical language a practical code of business law of all the provinces, and the federal government. It answers thousands of questions on leases, promissory notes, wills, contracts, conditional sale agreements, mortgages and scores of similar topics.

Why You Need the Digest

- The courts are unanimous in holding that ignorance of the law is no excuse.
- Statutes and legal conditions vary widely from province to province.
- You cannot consult your lawyer many times a day, but you can consult the Digest.
- Some business transactions require a quick answer but because you must act immediately, there is no reason for acting blindly.
- If you must have a lawsuit, go to your lawyer with a case he can win BECAUSE YOU HAVE ACTED CORRECTLY!

AIR SERVICE ON TRACKS

Islander Travels To Prince George

By F. R. WARE

For the first time it is now possible to cover the greater part of the P.G.E. route to Prince George in daylight, thanks to the new fast schedule utilizing individually propelled rail diesel cars.

A pair of these sleek silver speedsters waited upon the arrival of the bus at the North Vancouver depot and at 7:45 a.m. we were off on the first lap of our journey along the shoreline and through the exclusive West Vancouver suburbs to Horseshoe Bay. Here the train is high above the resort and there is a fine view of Howe Sound as we wind our way precariously along a shelf blasted out of the cliffs which blocked off access to Squamish for so many years.

On a higher level a highway is now under construction, resulting in frequent delays to the railway service when blasting is in progress. Since we do not carry a diner, breakfast is served to the passengers in their seats, aeroplane style, on trays stamped C.P.A. brought from a galley in the centre of the train. Fresh baked rolls, conserve, fruit juice, and coffee make up the menu, for which the charge is included in the ticket.

After a brief pause at the new Squamish station, situated in true P.G.E. fashion a mile from the town, we plunge into the mountains through the narrow defiles of the Cheakamus canyon where the boiling torrent foams madly just below the track. Camera fans are out in force on the rear vestibule to get snaps of the river and nearby Mount Garibaldi. At Alta Lake we top the grade at 2,000 feet and now we have a swift downhill run through Pemberton Meadows

to Lillooet, via Seaton and Anderson Lakes. Two torpedoes exploded under the wheels bringing us to an abrupt halt in the midst of nowhere but the reason for the stop is soon apparent as we make our way along a temporary track, by-passing a freight train wreck whose cars lie twisted and upended along the right of way.

For some 20 miles we wind along the shores of the lakes, which lie in a deep cleft in the mountains, reflecting the snowy summits in the crystal clear water.

Shalalth, on Seaton Lake is a scene of great activity, where we pass through the B.C. Electric power installation. Huge pipes may be seen on the mountainside leading down from the Bridge River diversion project. Just beyond this point we come to another jarring halt when a dolly left standing in a cut by a careless section gang fouls the side of the train. A warped door and scratched silver siding will mean trouble for someone, not to mention a 10-minute delay whilst the dolly is pried loose from the car side. By now it is lunch time and soon the attendant is handing out trays of soup and sandwiches to be followed by coffee and apple cake dessert. Lillooet gives us our first chance

## SALT SPRING ISLAND STUDENTS

### RECEIVE AWARDS AT MAHON HALL CEREMONY

The Salt Spring Island elementary-high school held the annual prize-giving day in Mahon hall, Ganges, on June 14, with Principal J. B. Foubister as chairman.

The program included the presentation of prizes, and the dancing and choral numbers entered in the recent musical festival at Victoria. The scholarship awards were won as follows: Salt Spring Island P.T.A., \$100 scholarship was won by Miss Penny Trelford, also the Reader's Digest and MacLean's Magazine subscription; Legion L.A. \$100 bursary was presented to Miss Barbara Burge; I.O.D.E. \$50 scholarship went to Terry Lorenz; and the Fulford P.T.A. \$35 scholarship was won by Miss Sheila Milner. The citizenship cup was won by Frank Tahoumey.

Book prizes were won by Penny Trelford, Donna White, Randy Young, Lynne Travena, Terry Wolfe-Milner, Duncan Hepburn, Marion Brown, Donna Hollings, Joan Stevens, Patrick Wolfe-Milner, Bob McDonald, Rosemary Brigid, Heather Fraser, Daphne Mout, Jimmy Morris, Roberta Foster, and Marilynne Brigid. Patricia Stewart, Kenneth Byron, BLOCK LETTERS

Block letter awards were made to students, with large blocks going to those with an average of 80 per cent, and small blocks for 80 per cent in one or more subjects. Grade 12, large block, Penny Trelford, Terry Lorenz; small block, Sheila Milner, Campbell Malcolmson, Diane Carlin, Christine Butt, Donna Evanoff and Lois Lee. Grade 11, large block, Donna White; small block, John Caldwell, Dorothy Dods, Pamela Cousineau; grade 10, large block, Mhora Hepburn, Elaine McDonald, Randy Young; small block, Doris Sylvester, Margaret Stewart, Kay Boyd, David Ashlee, Garry Kaye, Robert Twa, Jennifer Graham; grade nine, large block, Coline Mout, Lynne Travena, Malcolm Bond, Terry Wolfe-Milner; small block, Ronald Barnes, Bob Morris, Madeline Barber, Marshall Heinekey, Allan Salmon, Ian Shopland, Kathy Butt, Florence Fowler, Edith Russell, John Till, Alan Twa, Leonard Sholes. Grade eight, large block, Henry Caldwell, Marguerite Gear, Valerie Harker, Duncan Hepburn, Gladys Patterson, Penny Peterson, Marcia Sober; small block, Diane Ackerman, Ann McColl, Lynda Baker, Charlie Butt, Violet Evanoff, Lorraine Twa, Robert Taylor. Grade seven, large block, Marion Brown; small block, Ronald Bonar, Shane Heinekey, Bruce Murakami, John Sturdy, Edward Akerman, Beverly Finnelly, Susan Graham.

Block athletic awards went to: grade 12, small block, Donna Evanoff, Wendy Morris, Marie Kitchen, Lee, Bill Russell, Don Reynolds. Grade nine, Kathy Butt, Malcolm Bond. Grade eight, Violet Evanoff, Charlie Butt. Grade seven, Reta Kitchen, Ronald Bonar.

Citizenship awards, large block, Pat Lee, Barbara Burge, Wendy Morris. A beautiful hardwood cabinet, with glass top for displaying school awards was built for the school by student council members, Frank Tahoumey, Leslie Fraser, Bert Kitchen and Pat Lee. Mrs. E. J. Ashlee was presented

### COMMUNITY GOES TO TOWN ON PENDER ON POPULAR PROJECTS

The "bees" have it on Pender Island these days. Two have been held by the Farmers' Institute during the week, at the picnic and camping ground, and one slated for Monday will see that project finished. The grounds, now complete with shelter, cook stove, tables and benches, is in readiness for visitors picnicking for the day, or who wish to camp out over night.

Another "bee" was held last Saturday by the Legion members. Grass was cut, trees trimmed, and the float, built last year by the Legion, towed into place at Sunny-side Farm, summer camp of the War Amputation Society of Canada. A huge picnic is slated for June 30, at the camp, when the frigates, H.M.C.S. Jonquiere and H.M.C.S. Stettler, will transport 150 amputee veterans and their families from Vancouver to Port Washington for the occasion. Local veterans are requesting use of as many cars as possible that day to convey the visitors to Browning Harbor for the picnic.

SHORE LEAVE  
The Pender Island publicity committee is undertaking recreation for the ships' companies if they are

### GALIANO

Mrs. F. E. Robson paid a brief visit to Vancouver last week, returning home on Friday evening by plane accompanied by her son Don and daughter Carol, who have been attending school there for the past year.

Also arriving by plane on Friday were Mr. and Mrs. George Rennie of New Westminster, who will spend a month at the summer home of Mrs. Rennie's brother, Irving Sinclair.

Mrs. J. I. Bayfield and Miss Caroline Bayfield left on Friday by plane to visit the former's son-in-law and daughter, Mr. and Mrs. J. Hackett in North Vancouver.

Mr. and Mrs. Victor Zala flew to Vancouver on Friday where Mrs. Zala was admitted to St. Paul's hospital.

Residents have just been informed that the plane which has been transporting passengers to and from Vancouver and the islands will be taken off schedule immediately.

Mrs. R. Hepburn is in Victoria, a patient in the Royal Jubilee hospital.

with gifts of appreciation from grades one and four for her help as accompanist during the year.

Following the prize-giving, tea was served by the students in the home economics room of the school, and the work done by manual arts class was on display by A. Hardwick.

### SAATUNA

Mr. and Mrs. Fred Mountain are guests at the home of Mr. and Mrs. George Copeland.

The B.C. Historical Society met recently at Saatuna Beach, the home of J. M. Campbell. Mrs. J. Freeman was chairman with Mrs. G. Jennens as secretary-treasurer. P. Walker was guest speaker and gave serious and humorous accounts from his early experiences on these islands. Members from every island were present. Mrs. Campbell was hostess at the tea hour and Mrs. Louise Money was servituer.

The Saatuna Women's Service Club met at the community hall with all officers in attendance. About 15 were present and the future activities of the forthcoming barbecue were discussed and different stalls were allotted to the various workers. Each year the Saatuna barbecue grows larger and demands more thought and arrangements.

Nancy and Jean Rankin are guests at their grandparents' home at Lyl Harbor, Mr. and Mrs. George Gordon.

### NEW MAINLAND FERRY TERMINAL

A new Black Ball ferry terminal will be opened at Langdale to serve as the Sechart Peninsula terminus for Black Ball crossings of Howe Sound effective Wednesday, June 19, it is announced by I. D. Birse, vice-president of the ferry transportation firm.

The new Langdale terminal reduces crossing time on the Howe Sound trip in both directions between Horseshoe Bay at West Vancouver and the Sechart Peninsula, and makes a further time saving in that tickets may be purchased prior to boarding the ferries at Langdale, Birse said.

The new terminal opening takes effect in time for the increased summer travel season in this popular vacation area. Black Ball's increased summer ferry schedules take effect at the same time.

The Langdale terminal will replace the previous Gibsons terminal.

### PLAN GARDEN FETE AT FARM IN FULFORD

Quarterly meeting of St. Mary's Guild was held recently at the home of Mrs. A. Davis, with Mrs. F. L. Jackson in the chair. Archdeacon and Mrs. G. H. Holmes and 11 members were present. Final arrangements were made for the garden fete to be held on July 18, at Roseneth Farm.

The guild members are planning many attractions for the day and the fete will be opened by Mrs. Jones Springford, president of St. Mary's Guild. The stalls will consist of home cooking, needlework, produce, miscellaneous, ice cream and candy. Afternoon teas will be served.

Plans were also made to serve teas at the parish fete to be held at the end of July at Harbour House, Ganges. Arrangements were made to hold the Sunday school picnic and the Little Helpers' picnic later on in the summer. Tea was served by Mrs. A. Davis and Mrs. A. D. Dame.

### Whaling Station Is Pictured

A very interesting evening was spent recently at the Galiano home of Dr. and Mrs. Arthur I. Ortenburger when about 20 of their friends were present.

Dr. Ortenburger, Ph.D., and professor at the University of Oklahoma, who with his wife, also a professor at the university, is spending his Sabatleal year on Galiano, showed a large number of colored slides taken by him on a visit to Coal Harbor whaling station in April of this year. The accompanying talk by the doctor gave a very enlightening picture of the methods used in processing the whales and the various uses to which the by-products are put.

MILK—50¢ A QUART  
The cost of milk will be purchased at the current rates of beef rib roast or pork tenderloin, a quart of milk would cost about 50 cents. Here's how it breaks down: protein, 45¢ cents; fat, 2¢ cents; carbohydrates, 1¢ cents. Total, 49¢ cents.

Mr. and Mrs. Sid Horner, with Laureate and Jim, of Arroyo Grande, California, spent a few days visiting at the home of Mrs. Horner's cousin, Mrs. M. Gardner, Ganges Hill. It was the first visit away from California for the Horn-

## THE GULF ISLANDS

### GANGES

Mrs. E. J. Ashlee, Ganges 97-W

A farewell party honoring Mr. and Mrs. George Hurst, was held on Saturday evening, June 15, at the White Elephant Cafe, Ganges, by Mr. and Mrs. C. H. Houghton. Guests included Mr. and Mrs. Day, Mr. and Mrs. C. Beech, Victor Davies, Mr. and Mrs. Fletcher, Mr. and Mrs. Goodman, Mrs. Howard, Wayne Bradley, Mr. and Mrs. G. Hurst, Mr. and Mrs. W. Jackson, Mr. and Mrs. Lorne Jones, Eddie Jung, Mr. and Mrs. McLaren, Mr. and Mrs. D. McLeod, Mrs. Helen Nobbs, Jimmy Okano, Mr. and Mrs. D. Parsons, Mr. and Mrs. W. Trelford, L. Taylor, Mrs. Margaret White, W. Weaving, Kello Wilson and Mr. and Mrs. C. Houghton.

Miss Elsy Price entertained at a beach party, at the home of her mother, Mrs. A. R. Price, Beddis Road, Saturday evening. Guests were Mr. and Mrs. E. J. Ashlee, Mr. and Mrs. E. Booth, Mr. and Mrs. P. Cartwright, Miss Kay Devine, Mrs. Leona Dolman, Mr. and Mrs. Foster, Ted Harrison, Norman Mout, Miss Wilma McGill, Dick Royal, Mr. and Mrs. J. Smith, Mr. and Mrs. M. Sober, Mrs. A. R. Price, Kendrick Price and Alan Wilson.

Mr. and Mrs. Nels Degnan entertained at a bon voyage farewell party, Saturday evening in honor of Dr. and Mrs. T. Wilkie, who are leaving to spend a year in Vancouver. Guests included medical members, and the staff of the Lady Minto hospital, with Dr. Francis giving the farewell speech.

Mr. and Mrs. Lloyd Soch (nee Daphne Aylwin) recently visited Mr. and Mrs. Victor Sholes, Rainbow Road, Ganges, from their home at Pitt Meadows.

C. W. Leggett entertained at cards on Friday evening at his home. He was assisted by Mrs. Cora Faire. Guests attending were Mr. and Mrs. Catto, Mr. and Mrs. Scot Clark, Litch Bowden, Mrs. Baker, Mrs. Bigham, Miss Deane, Mr. and Mrs. La Fleur, Miss Wheeler, and Mr. and Mrs. Ashlee. Prizes were won by Mrs. Ashlee, Miss Wheeler, Ted Ashlee and J. Catto.

Mrs. Cora Faire left on Saturday morning on a three-week vacation to Toronto, via T.C.A., where she will attend a family re-union. Her daughter and son-in-law, Mr. and Mrs. W. R. Coles will be there from British Guiana, where Mr. Coles works for Alcan, and her eldest son, Mr. and Mrs. D. R. Faire. Mrs. Faire was sent her return plane ticket as a surprise from the family.

Mr. and Mrs. W. J. McCormick, Vancouver, spent a few days visiting Mrs. McCormick's brother and sister-in-law, Mr. and Mrs. Howard Carlin, Ganges Hill, Mr. and Mrs. Carlin played host for a pre-graduation party last week. The '97 graduates of Salt Spring school had several photos taken there. Included in the guests were Diane Carlin, Christina Butt, Barbara Burge, Donna Evanoff, Lois Lee, Sheila Milner, Sherry Pappenburger, Penny Trelford, Leslie Fraser, Bert Kitchen, Terry Lorenz, Ken Sampson and Frank Tahoumey.

The Evening Branch of the Anglican W.A. honored Mrs. A. Hedger at a farewell party, Thursday evening, June 13, at the home of Mrs. George Young, Long Harbour Road.

Mrs. J. Wood, president, presented Mrs. Hedger with a corsage, a gift of a cup and saucer, from the members. Mrs. Wood was then presented with a bouquet, as a small token of appreciation of the work she has done during the year. Mrs. J. Parsons accepted a corsage on behalf of Mrs. G. H. Holmes who was unable to attend because of illness. Those attending were Mrs. J. Baker, Mrs. H. Doerksen, Mrs. A. M. Field, Mrs. T. Fowler, Mrs. Ted Gear, Mrs. A. Hedger, Mrs. George Jones, Mrs. L. Mout, Mrs. E. H. Newman, Mrs. J. Parsons, Miss Elsy Price, Mrs. G. Young, Mrs. Ivor Williams, Mrs. J. Wood. The Hedger's will be taking up residence in West Vancouver, after spending the summer at Garibaldi Park.

Mrs. A. McDonald was honored at a farewell party on Friday evening, June 14, by the C.W.I. at the home of Mrs. George St. Denis, St. Mary Lake. A musical evening was much enjoyed, and a gift of a lovely Moroccan vase, was presented to the guest of honor. Mr. and Mrs. McDonald and family will spend the summer at Garibaldi Park, and then make West Vancouver their home. Guests were Mrs. A. J. McDonald, Elaine McDonald, Mrs. Geo. St. Denis, Mrs. B. Bower, Mrs. E. Brantley, Mrs. T. Ayers, Mrs. J. Stepanuk, Mrs. J. Lamb, Mrs. B. La Fleur, Mrs. A. E. Marcotte, Mrs. C. Marcotte, Mrs. A. H. Milner and Mrs. J. Taylor.

The Catholic Women's League held their regular meeting in the church hall of Our Lady of Grace Church, Ganges, on June 14. Main business of the meeting was the finalizing of the plans for a straw-berry and garden party at the home of Mrs. Geo. St. Denis, on Wednesday afternoon, June 26. Mrs. A. H. Milner was appointed contact person.

Mr. and Mrs. Sid Horner, with Laureate and Jim, of Arroyo Grande, California, spent a few days visiting at the home of Mrs. Horner's cousin, Mrs. M. Gardner, Ganges Hill. It was the first visit away from California for the Horn-

### MARTENS SCOLDED HER

#### WINDOWS ARE INCONVENIENT

Every now and then a number of wild yellow canaries fly over and sit in a row on the B.C. Power lines at Fulford, chatter for a few minutes, then dive down and help themselves to a shower in the sprinkler. If you can get very close to these beautiful little birds, you can hear a tiny song similar to the canary trills, only in a whisper.

Some are all yellow, others vary from golden-red to green and yellow . . . and they are all so very lovely. Other feathered visitors are the pert little Martins (small swallow). They are little gossips. They sit in a row and look down and see a hummingbird darting in and out of the flowers and they start a chit-chat about that.

They see a robin racing across the lawn with a big worm in its bill, and they tell everyone where the nest is; they see Spooky and her two kittens and they get very excited and warn all who will listen that danger lurks and to beware!

THEY FLIT TAILS  
But the feathered friends are so used to cats, they merely flit their tails and say, "Catch me if you can" and often dart under the very nose of danger.

The little martins are very curious natured and like music. One morning last week, my door was open and the radio was on — Al Smith was playing, "When the red, red robin comes bob, bob-bobbin' along", over CJVI, and two little martins flew in and over the radio, nearly brushing my head and they then made a big fuss because they couldn't fly through the windows. I caught them with a few flutterings and indignant squeaks on their part and set them free.

TOLD HER OFF  
One little fellow told me off because there were deceptive windows in my house—he said they love to swoop through buildings and catch flies and mosquitos, etc., and windows are a menace to birds. . . He scolded all the way to the door, then stood for a few seconds on my hand before taking off. I am afraid

### NORTH PENDER

Mr. and Mrs. Gordon McLeod and daughters, Jane and Judy, of North Vancouver, are holidaying with Mrs. McLeod's parents, Mr. and Mrs. Fred Smith, at Welcome Bay, for two weeks.

Mrs. Gustav Hensen has returned to her home in Kelowna, after visiting with her friend, Miss Marjory Busted, at Port Washington.

Mrs. Robert Wilson attended the wedding of her niece in Burnaby, last week.

Mrs. T. Lowden is a patient in the Lady Minto hospital. Dr. Ivor Williams arrived with his speed boat Friday evening, and conveyed her to Ganges.

Jack Amies is recovering from Surgery in the Royal Jubilee hospital, Victoria.

Mrs. Grace Dennis has returned to her Vancouver home from a brief holiday with her mother, Mrs. Ethel Beech.

Mrs. E. Cassidy has returned from visiting relatives in Vancouver.

Mrs. E. Lassfolk, of Sidney, visited with her daughter, Mrs. Les. Bowerman and family, last week.

Mr. and Mrs. Keith Morrison, whose marriage took place in Victoria last week, have returned to the island to make their home.

Harold, Harry and David Auchterlone spent the week-end ashore, at their respective homes on the island.

Miss Mildred Searf, of Nanaimo, is the guest of Miss Alice Auchterlone, at Tree Tops, this week.

Saturday proved such a busy day for the Wayside Coffee Shop, stocks were completely sold out before closing time. With trade constantly on the increase, the management has announced the establishment will be open every day for the summer months. Heretofore it has remained closed on Wednesdays and Sundays.

MILK FOR PROTEIN  
Milk products supply over one-fourth of all the protein in Canada, and it is the best possible protein for building sound muscles in children, and for replacing worn-out tissues at all ages.

Mr. and Mrs. Gardner report, they thought the island was wonderful. During their stay, the Horner family took advantage of the scenic Cy Peak Inter-Island trip, and thoroughly enjoyed the trip around the Gulf Islands. Also on the trip with Mr. and Mrs. Horner, was their nephew, Garry.

COLD CREAM  
To make a good cold cream use two ounces of oil of sweet almonds, one ounce of pure glycerine, 3-ounce of speractol, 20 grains of white wax, and six drops of oil of rose. Melt all this together, setting the cup over boiling water; then beat until perfectly cold and snowy white. Put up in glass or china.

For Rubber Stamps

### "Old at 40, 50, 60?"

— Man, You're Crazy  
Forget your age! Thousands are peppy at 70. Try "pepping up" with Ostrex. Contains tonic for weak, run-down feeling due solely to body's lack of iron which many men and women call "old." Try Ostrex Tonic Tablets for pep, younger feeling, this very day. New "get acquainted" size only 60¢. For sale at all drug stores everywhere.

## So good

Here's bread with a tasty difference! Dependable Fleischmann's Active Dry Yeast makes it quick and easy!

### Rolled-oat Bread

1. Measure into bowl  
1 cup rolled oats  
2 teaspoons salt  
1½ tablespoons shortening

Stir in  
1½ cups boiling water  
and let stand until lukewarm.

2. In the meantime, measure into a large bowl  
½ cup lukewarm water  
2 teaspoons granulated sugar

and stir until sugar is dissolved. Sprinkle with contents of  
2 envelopes  
Fleischmann's Active Dry Yeast

Let stand 10 minutes, THEN stir well.

Stir in prepared rolled oat mixture and

¾ cup lightly-packed brown sugar  
2 tablespoons molasses  
2 cups once-sifted all-purpose flour

and beat until smooth and elastic. Work in an additional

2½ cups (about) once-sifted all-purpose flour

3. Turn out on lightly-floured board and knead until smooth and elastic; place in greased bowl. Brush top of dough with melted shortening. Cover. Let rise in warm place, free from draft, until doubled in bulk—about 1 hour.

4. Punch down dough. Turn out and divide in half. Let rest 15 minutes, then shape each half into a loaf. Place in greased loaf pans (8½ x 4½ inches, top inside measure). Brush with melted butter, margarine or shortening. Cover. Let rise until doubled in bulk—about 45 minutes. Bake in moderately hot oven, 375°, about 50 minutes. Yield: 2 loaves.

Needs no refrigeration

## EXPERIMENTAL FARM NOTES

### WEEKLY REPORT OF NORTH SAANICH STATION

At the Experimental Farm an intensive strawberry breeding project is underway. The objectives of this program are to develop a high-yielding strawberry that is suitable to the heavier soils of the area and that has a brighter red color than the British Sovereign.

As one of the main factors that limits the growing of British Sovereign in low areas of heavy soil is the soil-borne Red Stele root rot disease, resistance to this disease is the first test. Red Stele is the cause of the stunted wilting plants that show up in patches this time of year. The organism spreads in the winter and kills the roots so that when the warm weather arrives the plants cannot get enough moisture through the diseased roots. As there is no practical control for this disease a resistant variety of strawberry has to be developed.

A greenhouse method of testing for resistance is used. A bench is filled with diseased soil and seedling plants are grown in this soil for several months. The plants are then dug up and the roots washed and examined for evidence of rot. If the plant has no sign of disease then it is considered resistant enough for field trial. All the seedlings that have discolored roots are discarded.

By using this method in a few years we hope to have a strawberry that will grow in the "wet spots" where British Sovereign has failed.

**SPINACH**  
As many gardeners are aware, spinach is a rather uncertain crop, particularly if growing conditions are something less than ideal. The trouble is that spinach, in addition to preferring soil which has good fertility and friability, is a long season plant which goes to seed readily under long hours of daylight. This readiness to go to seed is particularly marked where the weather is unusually bright and warm during the early stages of

growth, such as we experienced this year in May. Thus the most useful varieties for spring sowing are those which will give good leaf development even if the weather or soil conditions or both are not all that could be desired.

A number of varieties were sown on April 17, and notes made on growth, plant habit and other characteristics when the majority were ready for table use on June 5. Both smooth and crumpled leaf or savoy varieties were represented. In general the savoy leaf type tended to produce more weight of leaf for its spread than the smooth leaf type. An exception was Northland, an extremely vigorous, dark green, slow bolting variety which was the heaviest per plant if any of the varieties in the test. Thirty typical plants weighed 8.2 pounds compared to 7.0 pounds for Long Standing Bloomsdale, a savoy leafed variety, which was the next heaviest. Northland has been tested for two seasons and appears well adapted and promising under local conditions.

## HOUSEHOLD HINTS

### REMOVE VARNISH

Varnish can be removed from metal by dipping the article into equal parts of ammonia and alcohol (95 per cent).

### MOLASSES

When measuring molasses, dip the measuring spoon or cup into scalding water first, and the molasses will pour readily.

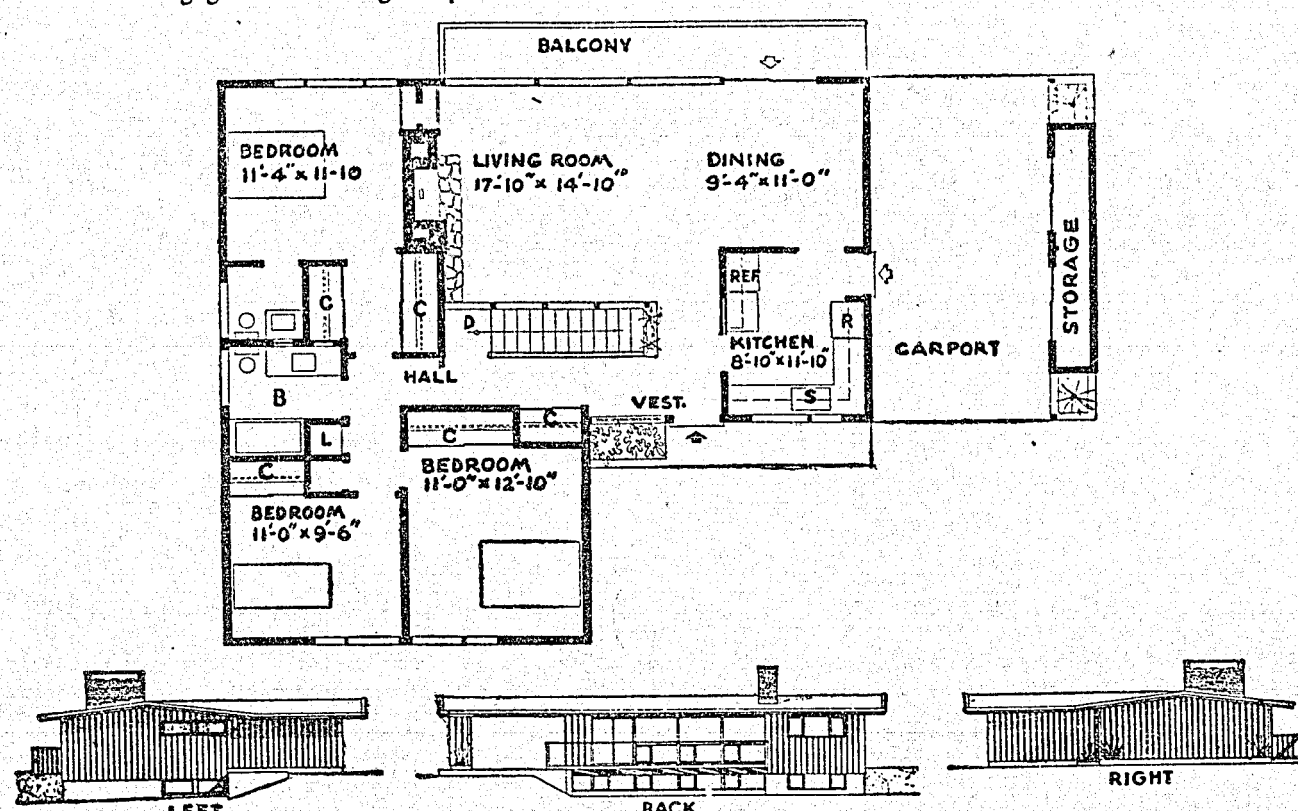

### PLASTER OF PARIS

Usually, plaster of Paris dries so quickly that it is rather difficult to use it for patching. Try mixing it with vinegar, instead of water, or water to which some vinegar has been added, and it will remain workable for a longer time.

## New Canadian House Designs

DESIGN 274: The full benefits of this design by architect Andrew Chomick, of North Vancouver, are obtainable on a site which slopes down from the street with the living room facing south. The total floor area of the house is 1,339 square feet while the exterior dimensions including carport are 56 feet, six inches, by 38 feet, six inches. Working drawings for the plan may be obtained at minimum cost from Central Housing Corporation.

## WHAT? ONLY A NICKEL!

### BUT IT WILL STILL BUY SOMETHING

Five cents will still stand as a barrier between a man and his grave. Recently The Review heard a report from a local school when the humble nickel was condemned as valueless. A member from the staff of The Review comes from a long line of Aberdonians and his Scots instincts were affronted. To settle the matter The Review made a tour of the merchandizing centre of Sidney and produced an impressive list of goods available for this humble figure or even less.

The summary of this research clearly indicates that the inner man comes first. The starving unfortunate who is down to his last nickel may eat. He has even a wide choice of eatables. Among these, though by no means a comprehensive list, rank a variety from soup to nuts, although soup is not available within the figure designated.

The hungry man may whet his appetite on various cakes and cookies. He may buy one of a wide variety of candy bars, or he may be more ambitious and purchase a group of several available at one or two cents. If his sweet-tooth is dried up and his mind turns to savories he may acquire two frankfurters or two sausages. These may be less than appetizing when uncooked so he can readily look to a slice of meat loaf or an ounce and a half of cheese.

For dessert he may expend a second nickel and acquire either an orange or a lemon.

If the proud owner of a nickel is already fed his choice may wander far. When he looks to some commodity at the sheet metal works, his scope is limited. He may purchase a small piece of sheet metal or a few screws. Beyond that the cost of material exceeds his capital.

The hardware store is the most satisfactory from the availability of nickel items. A razor blade will ensure his clean appearance for a few days. If he is not too particular about his diet he may purchase a mousetrap and catch mice. This ensures a meat diet at a modest outlay and rids him of a pest at the same time. Similarly, he may look to the waters of the Strait for a fish meal. The weights for his gear come down as low as five cents. In this field he can also acquire the swivel for his line or the hook for the poor fish. These are in great variety at the quoted price.

If it is his home which merits the expenditure of the five cents, then his choice is a tough one. For five cents he can immunize the floor from damage by his furniture. For five cents he can buy two small slides or one large slide. He could find two rubber bumpers for the

same price. This is a problem. Is he to equip two legs of a chair in this manner, or one leg of a large chair? Alternatively, shall he saw off the legs not so equipped; this for the protection of his floors? He can buy sandpaper or he can buy two feet of moulding, which will probably need cleaning up with sandpaper afterwards, anyway. Curtain rings or electrical wire staples are readily available at this price. On the other hand, if his attention is turned towards horticulture he can buy a small flower pot or two cardboard pots.

For the kitchen he may buy three wooden skewers, an egg cup or a knob for the kettle. If the man has children he may find one or two simple playthings for them, although the vast majority of small toys are ranged upwards from double his capital.

Stationery may be purchased for five cents in very limited quantities and a pencil at five cents is more expensive than those given away by some hardware stores to their regular customers. The drug store can cure his sore throat with lozenges, but if he suffers from halitosis he can only offer a remedy at double his resources.

## GRANDAD

## DROVE ONE

Recollections of these cars which once were "this year's models" . . . 30 years ago.

Columbia, manufactured by the Columbia Motor Co., Detroit, Mich. Discontinued in 1925, the Columbia was one of the many smaller manufacturers employing a Continental motor. This gave them a varied style of motor otherwise faced by a small plant. The car was equipped with one of three sizes, all of six cylinder, side-valve design, 7-R, 7-U, 6-V.

Elegant and solid for its day, the Columbia was heavier than the more popular marques and cost the purchaser slightly more.

The cheapest model in 1924, the final year of production, was the four-seater tourer at \$985 (U.S.), weighing 2,570 pounds. Top of the list was the five-seater sedan, \$1,605 (U.S.), which pulled a weight of 3,205 pounds.

## LAND ACT

TAKE NOTICE that Henry Arnold Egeland, Machine Operator and Andrew Martin Egeland, Welder, both of 3910 Seaton Road, Victoria, B.C., intend to apply for a lease of the following described foreshore viz: Commencing at the North-Westerly corner of Lot 1, Block 53, Plan 1211, Section 10, Range 3 West, North Saanich District, B.C.; thence N 0° 07' E 290 feet; thence N 20° 10' E 205.9 feet; thence S 0° 07' W 420 feet, more or less, to high-water mark on Deep Cove; thence South-Westerly following said high-water mark, to the point of commencement and containing 0.01 acres, more or less. Purpose of lease, small boat mooring and rental station.

## FERRY SCHEDULES ARE STEPPED UP FOR SUMMER VACATIONERS

New summer ferry schedules providing for increased service on many routes to accommodate heavy vacation travel have been announced by F. J. McDowell, general manager of Washington State Ferries. Routes particularly affected are those serving the San Juan Islands, Victoria, and Port Angeles. The changes became effective Friday, June 14.

The streamlined ferry Kalakala went into service last Friday on the Port Angeles-Victoria run, making four trips a day in each direction, leaving Port Angeles at 6 a.m., 10

a.m., 2 p.m. and 6 p.m., and leaving Victoria at 8 a.m., 12 noon, 4 p.m. and 7:45 p.m.

Service on the international route from Anacortes to Sidney, by way of the San Juan Islands will be stepped up to three round trips a day on week-days and two trips on Sundays and holidays.

### EXPANDED

Expanded service will also take effect between Anacortes and the various San Juan Islands.

Detailed summer schedules, rates and other ferry information may be obtained at ferry terminals, most travel offices and service stations, or by writing Washington State Ferries, Pier 52, Seattle.

# New Rest Haven Hospital Project Provides New Decor And Better Service

## Major Part Of \$100,000 Modernization Project Already In Its Final Stages

The visitor to Rest Haven hospital is impressed upon his arrival by the new decoration of the main entrance hall and adjoining offices. This new decor is only part of a major overhaul given to the structure by the indefatigable administrator, A. George Rodgers.

The redecoration is part of the \$100,000 modernization plan embarked on by the administrator three years ago. Already \$60,000 has been spent and another \$40,000 will be devoted to new equipment and new facilities before the work is completed.

The program has two main facets. The work on the fabric of the building is designed for the aesthetic pleasure of the visitor or patient and as an added evidence of the cleanliness essentially a feature of a modern hospital. The second facet makes for improved service both for the convenience of the staff and patient and for the benefit of the added therapeutic treatments it offers.

The lower floor treatment centre has been redecorated. It has also been provided with a new tiled floor and modern equipment in the baths. On that floor the ophthalmologist, Dr. E. D. Emery, has been allocated a pleasant office and waiting room adjacent to the chapel. The latter also serves as a meeting and recreation centre.

**PRISON LEGACY**

Big feature of the basement is the legacy from the hospital's earlier days. Along a remote corridor, in the storage section, is a barred door. Today this door closes the small printing section off from the public gaze. Many years ago it closed off the erring resident. It was the "digger", or military prison cell, when the hospital was in use during the First World War by the military. It is probably the only evidence left that the building ever served the troops of a far away war.

On the ground floor the laboratory and X-ray rooms have been repainted and new equipment has been added for the convenience of the staff and for greater efficiency. The doctor's office has been equipped with a new group of cabinets and patient facilities. It is still located conveniently to the casual surgery room, where small operations for emergency accidents are carried out.

The main surgery centre is upstairs in a room re-equipped at a cost of several thousand dollars. Adjacent is the new nursery. The gift of Sidney Rotary Club the ward houses diapers and equipment in units for the convenience of the babies whose first howls echo through the delivery room at Rest Haven hospital. It is well-equipped to house those howls. Each child is provided with a bed on wheels. Surrounded by plate glass, the infant can see and be seen without danger of rolling out. The unit also houses diapers and equipment in a small cupboard beneath its royal occupant.

**IN PUBLIC GAZE**

When visitors seek a view of a new-born infant the bed is wheeled to the large window and left to bask in the public gaze. The window bears a small plaque crediting the Rotarians with its installation.

Plans envisage the use of the nursery, which, incidentally, is provided with a rheostat control of the overhead light in order to provide a gently increasing light and avoid awakening the occupants, and the conversion of the present nursery into part of the maternity section. The new nursery is also provided with two alternative forms of heating. If the temperature falls overnight, while the steam heating plant is unattended, the electric heaters take over.

Various rooms have been redecorated on the same floor.

### NEW ROOMS

On the top floor the new rooms are in particular evidence. The patient enters a soft room with matching furnishings. A wash basin is provided and a toilet will ultimately be part of the equipment. The bed can be raised to a level convenient to the attendant nurse and then lowered in order that the occupant may descend to the floor without discomfort. These beds are all provided with equipment for orthopaedic attention and other medical treatments. A soft light in the tiled ceiling is the general source of light while a swinging arm at the head of the bed carries a shaded light for reading. The furnishing and decor of the new rooms convey an immediate impression of restfulness and comfort.

Mr. Rodgers was proud of the service offered.

"Where would you find better?" he asked.

Small-paned windows have been removed and single-light units replaced in each frame, giving more light and a more generous view of the marine activities outside. To finish the picture, the windows are completed with quiet, attractive drapes.

### NEW KITCHEN

Back to the main floor. The visitor is shown the new kitchen with its new dishwashing machinery whereby all crockery is moved without touching and sterilized as it passes through. The clean dishes are loaded into a mobile storage unit with spring-loaded racks, keeping all dishes at the same height irrespective of whether the heated cabinet is full or almost empty. Milk and cream are stored in bulk, dispensing with bottles and the kitchen boasts two fans for the elimination of odors. It is almost entirely free of any cooking odor.

The old-style service elevator which had been featured by two ropes has now been replaced with an electric unit.

Decor is black and white, providing an effect both clean and pleasing.

The program is yet uncompleted. Upon the finalization of the project, Rest Haven will offer a ser-

## UP ON THE WAYS

### Mainly of Marine and Mariners

(By Deckhand)

The annual log race of the Ladies' Auxiliary (C.C.Y.C.) was a great success with Tum Tum, skippered this year by Mrs. Elaine Smith, winning the Edna Henshall Trophy for the second time. Thanks to some smart calculation which gave her an error of only 276 per cent, Mrs. Smith is now the owner of a warm sleeping bag. Second, with 1.11 per cent was Mrs. Hetty Jamieson of Bonny Lass II, who won a beautiful fishing rod donated by Capt. and Mrs. F. E. Lewis, of Coal Island. Third winner with an error of 1.64 per cent was Mrs. C. Rogers of the Jo Mai and Coleen, skippered by Mrs. L. Cole, came in fourth. Eleven boats entered the race and 23 cruisers arrived at Bedwell Harbour in time for the supper and dance. A salute to pianist Fred Pitt who was observer on the winning ship and also provided music for the evening's entertainment. Praise came from all sides of the dock so brother Percy and the crew of the Sesta should be feeling very proud.

City Inspector J. W. Oosterink and his wife slipped into their berth with another good catch brought in off Tent Island. Eight salmon Saturday and seven Sunday, ranging from two to 12 pounds. The Oosterinks have a comfortable, stout Monk-designed ship, built about 17 years ago at the Vancouver Shipyards for a Welshman, hence the name Carlad, which means Sweetheart. And a sweetheart she has been bringing her owners safely home from many a stormy fishing trip. A large brass clock in Carlad's cabin, which once graced the walls of the old Maquilman, reminded us that it was time to collect more fishing news so we ambled off with a hefty salmon tucked under our arm and confirmed the news that C. A. Trotter, a new outboard member here, had caught a 23-pound salmon and Charlie Whipple had brought in an 18 pounder and a six pound, 12 oz. fish.

### LOTS OF ACTIVITY

R. D. Matthews was trying out a facometer on his outboard Blue Tent, with the help of his sons, Pat and Mike, the George Knights were out for the day aboard Doreen, the Louis Glanzans were fishing, the Bill Speeds had weekend visitors, Mr. and Mrs. J. H. Todd and Mr. and Mrs. L. Williams, and the Hud, Grammas were out working on Graham-Belle II. It was nice to see Dr. and Mrs. John A. Stewart, former owners of Galatea, having a look at the boats down here.

We have missed the names of several ships that have been up on the ways lately. Zanda, owned by Norman Findler, Lady Madne, purchased by Hector Stone of Duncan, Bluefin, owned by Frank Logan, Kila Ora, skippered by W. B. Apper, Roly Hall's Shroma are a few that have been painted and or changed recently and the Lenora, a 25-foot cruiser owned by Kenneth P. Bickman, one of our yachtsmen living at Deep Cove, was hauled recently and given a complete spring overhaul—re-canvassed, painted from

vice second to none in British Columbia, said Mr. Rodgers. Two major projects already in operation for several years are the new heating plant and the sprinkler system for fire protection.

**FINLAND FIRST**

Finland ranks first in per capita consumption of fluid milk in 17 countries while Italy ranks last. The people of Finland consume 653 pounds of milk per capita per year, compared to 115 pounds consumed in Italy.

The first milk bottle was invented by Dr. Hervey D. Thatcher of Potsdam, New York, in the year 1884.

Deckhand off the wharf and into the galley—so the rest of your news went up in smoke this week! Bye for now!

## LITTLE WASTE IN RABBIT MEAT

There is remarkably little waste in domestic rabbit, because the ratio of edible meat to fat and bone is so very high.

Here, it is interesting to note the U.S. Department of Agriculture's breakdown of the approximate protein, fat, moisture and calorie content of domesticated rabbit meat, as opposed to other meats with which many people may be more familiar:

	Protein	Fat	Moisture	Calories per lb.
Rabbit	20.8	10.2	67.9	795
Chicken	20.0	11.0	67.6	810
Turkey (medium fat)	20.1	20.2	58.3	1,190
Veal (medium fat)	18.8	14.0	66.0	910
Beef (good)	16.3	28.0	55.0	1,440
Lamb (medium fat)	15.7	27.7	55.8	1,420
Pork (medium fat)	11.9	45.0	42.0	2,050

## AUDIENCE SEES ALL AND HEARS NOTHING AT PLAYERS' OFFERING

Summer presentation of Peninsula Players at North Saanich high school auditorium last Friday and Saturday fell short of the mark previously established by the group.

In major part the shortcomings were attributable to the poor acoustics of the auditorium. Although the players made efforts to improve the sound transmission of the building they failed to overcome a basic difficulty of the structure. When the player raised his voice it was lost in the reverberating echoes of the building and when he let his voice drop it could not be heard anyway. Above all, the players proved the urgent need of a hall in the district where a play can be presented without the accompanying echoes.

The play, "And No Birds Sing", was light and amusing while maintaining a continuous plot of action. The dialogue is quick and lively. Unfortunately, the dialogue was not as quick and lively in its presentation. At times the pace slowed and the witticisms were lost.

While thoroughly appreciative of Pat Gray's performance, the audience was left wondering whether it would not have been more realistic had she been a few years older. In manner and gesture her rendering was fine, but she did not look old enough to be a widow. Newcomer Margaret Dixon-Grant, as the "latter-day Pygmalion" was excellent and played a steady ward to Pat Gray's guardianship. Ken Smith showed a marked improvement on his earlier roles as he presented a realistic naval veteran, although his impassioned advances were less than convincing.

## APPOINTMENT IS CONFIRMED BY TRUSTEES

W. D. Durrance, of Royal Oak, has been appointed to the permanent staff as foreman in charge of maintenance within Saanich School District. The appointment was confirmed on Monday evening and will be effective on July 1.

At the same time, trustees approved the implementation of the superannuation plan for over-age employees and brought Mr. Durrance into the program.

The board heard a pleasing report on the new foreman from Secretary-treasurer A. G. Blair, who was thanked for his work in that regard.

## Token Gift

The executive members of the Salt Spring Island P.T.A. met at the home of Mrs. E. J. Ashlee last week, and presented Mrs. George Hurst with a farewell gift, in recognition and appreciation of the work Mrs. Hurst had done on the executive committee, and as secretary for the S.S.I. dental clinic. The work took a great deal of her time and thought until her recent illness. Mrs. Ashlee presented Mrs. Hurst with a gift, on behalf of the executive, and wished her good health and happiness.

Improvement on his earlier roles as he presented a realistic naval veteran, although his impassioned advances were less than convincing.

Pat Montgomery was excellent in the role of gamine, while the supporting parts were adequately handled by Eve Gray, as the disapproving churchwoman; Dave Smart and Damaris Jackson as artist and patient spouse; Roland Gilbert as a quite recognizable Scott and Frank Watts in the role of medico and mentor, as usual, completely at fault with the situation.

Newcomer Harry Sands had a pleasing and thoroughly convincing manner, but his first appearance called for undue prompting. Despite the prompting he gained the sympathy of the audience for the fact that he looked and acted the part of an impecunious clergyman. Best of performance of the play was turned in by John Gray as the butler. He could have maintained his role without a word as he maintained a steady current of comedy with his facial expressions. He was, completely, the ex-navy man turned general factotum whose loyalties were divided.

Despite a number of shortcomings, the play would have been thoroughly acceptable to the audience had it not been for the difficulty of hearing. The players did well and most of us enjoyed what we could hear, but they can do, and many times they have done, better. Despite constantly changing faces, as one enthusiast moves out and another moves into the district, the Peninsula Players have maintained a steady enthusiasm and, generally, a high standard of accomplishment, over a period of years. They are making a material contribution to the social life of the community and among the most pleasing aspects of their regular performances is the obvious enjoyment the players derive from their efforts. It is usually matched, however, by the pleasure gained by the audience.—F.G.R.

## In and around TOWN

Continued from Page 2.

a holiday spent in New Brunswick. Hugh Gardner has returned to his home on Bazar Bay Road, after attending Cornwallis University, and New York.

Mrs. Geo. Charlesworth, Denoross Terrace, is leaving this week for Vancouver where she will visit her daughter and son-in-law.

Eric Vickerman, West Saanich Road, has been a patient in Rest Haven hospital.

Mrs. George Reid, of Victoria, visited her brother-in-law, J. S. Gardner, Patricia Bay Highway, for several days before leaving for California, where she will reside.

Mr. and Mrs. Ron Du Temple and their two children, Penny and Cindy, of Victoria, are holidaying in Sidney, visiting their parents, Mr. and Mrs. G. W. Du Temple, West Saanich Road, and Mr. and Mrs. H. Bradley, Shoreacres Road. They have their boat and are enjoying fairly good fishing.

Miss Marion Healy, of Nanaimo, has been visiting her aunt, Miss Mary Enos, Fifth St.

## Telephone Warning Rejected

In a letter to Saanich council, considered at Tuesday's meeting, Sidney and North Saanich Volunteer Fire Department enquired whether it would be acceptable to use a separate telephone line in connection with the recent participation in the alarm relay system with Saanich fire department.

Reporting to council, Fire Chief Joseph Law, said that with three years' experience of the radio relay system not one failure had been experienced, whereas with the old telephone relay it had sometimes happened that a phone had been out of action for as long as three days in bad weather.

Radio, having proved undoubted superiority, he felt that telephone communication could not be considered.

## Sunny May Good For Gardens

The weather for May was characterized by above normal temperatures, sunshine and evaporation and below normal rainfall and relative humidity, according to the figures released by the weather office of the Dominion Experimental Station at Saanichton.

The monthly mean temperature was 56.3 degrees F, compared to the 44-year average of 53.7 degrees F. The mean maximum was 64.2 degrees and the mean minimum was 48.3 degrees compared to the long term averages of 62.1 and 45.2 degrees F, respectively. The high temperature of 78.0 degrees was recorded on the 30th and the low temperature of 78.0 degrees F was recorded on the 30th and the low temperature of 44.5 degrees F was recorded on the 25th.

There were 265.9 hours of bright sunshine compared to the 44-year average of 261.1 hours. The average daily sunshine was 8.6 hours, 0.2 hours more than the long term mean.

The total evaporation of 3.81 inches was 0.15 inches above the nine-year average.

The total precipitation of 0.55 inches was 0.52 inches below the 44-year average. There were five days with rain. The heaviest rain occurred on May 17 when 0.21 inches was recorded.

The average relative humidity was 71.7 per cent compared to the 11-year average of 73.5 per cent. Growth conditions during May were excellent. Hay and pasture crops in the area are good and yields are above average. On some of the high, well-drained soils the pastures were showing evidence of drought during the latter part of the month.

## Trustees Approve Publicity Plan

List of graduates from the district high schools will be presented to the B.C. headquarters of the Canadian army in order that the male students might be circularized of the details of gaining an extended education while serving with the armed forces.

Saanich School District trustees approved the request from army headquarters on Monday evening.

## SCHOOL BAND TO BE FORMED

Formation of a school band at North Saanich high school has been approved by Principal D. E. Breckenridge and Saanich school trustees.

In a note to the school board on Monday evening Mr. Breckenridge explained that there were 28 interested students and 28 parents prepared to assist.

Some students already have instruments. The practices will be held in the evenings and the school will officially recognize their efforts.

Formation of the band follows an offer by Sidney Recreation Commission to sponsor it. Instruments and instructors are available.

## Adopted With Just One Change

A few highlights of the convention held recently in Nanaimo were given at the regular meeting of the ladies' auxiliary to branch No. 37, Canadian Legion. Mrs. C. Herrington pointed out in particular that the resolution forwarded to convention by this Saanich Peninsula branch had been adopted with one change. This resolution asked that allowances paid to war veterans should continue to be paid if, for health reasons, the veteran must live outside the boundaries of Canada.

An informal social evening for the ladies is planned for Monday, June 24, at 8.30 in the Mills Road hall when a full report on the convention with its many interesting and amusing incidents will be given. It is hoped that as many members as possible will try and be present.

## DEEP COVE

Mr. and Mrs. Russel, formerly of Sidney, are at present staying at the home of Mrs. Tudor, Birch Road.

Mrs. A. Stewart and granddaughter, Dale Cunningham of Vancouver, are guests at the home of her brother and sister-in-law, Mr. and Mrs. R. M. McLennan.

Recent guests at the home of Mr. and Mrs. Chas. Mollett, Laurel Road, were Mrs. Farrington, Victoria; and Mrs. Le Migridge, Vancouver.

## INSPECTION

(Ladysmith Chronicle)

Six visitors from Salt Spring Island toured the new general hospital building here this week. The party included the matron of the Salt Spring Island hospital and the chairman of the hospital board.

Residents of the island are now building a new hospital and they visited the local institution to get ideas for color schemes, furnishings, and other points.

## COMMITTEE SEEKS \$600

Deep Cove Centennial Committee is within \$600 of its target. Report last week stated that the target was still short of 600 calls. This was an error. The canvassers who have covered the area have already made calls whereby they have raised the \$720 needed to match the government per capita grant.

Outstanding is the further \$600 to bring the fund to the \$2,000 necessary to purchase outright the park property on Birch Road.
